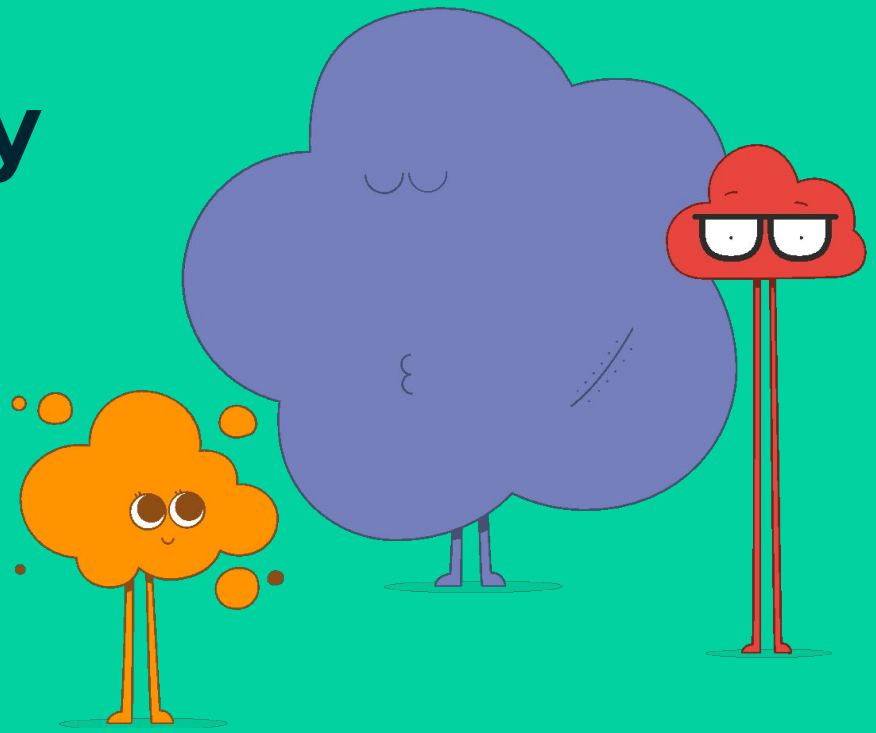
CLOUD GATEWAY

An Introduction to Cloud Gateway

Securely connecting anything to everything

Azure Marketplace



About us

The UK's first SASE platform, offering network and security solutions for the public and private sectors

Our mission

To provide easy access to the technologies that drive innovation, progress and collaboration for the benefit of everyone.

Our promise

To place customers at the centre of our services, from design and development through to service delivery and support.

Our ethos

To be truly agnostic in delivering a Digital Foundation that underpins meaningful and lasting change.

CLOUD GATEWAY

Let’s talk SASE

Connecting people, places, devices and data

SASE stands for 'Secure Access Service Edge'.

It is a term coined by Gartner to describe a cloud-based, unified approach to networking and cyber security. It's a relatively new term, so expect to see different interpretations of it in the marketplace.

Our SASE platform consolidates a range of network and security capabilities into a single managed solution. You choose the tools you need to improve network performance, reduce cost and complexity, and strengthen security.

HEALTH & SOCIAL CARE NETWORK COMPLIANT

SASE solutions for Healthcare

Connecting your sites, users and cloud environments to the HSCN in a matter of minutes

1. Scalable bandwidths
2. Flexible security options
3. No installation fees
4. Deployed within minutes
5. Supported by cloud and networking specialists
6. Full access to My Cloud Gateway

HEALTH & SOCIAL CARE NETWORK COMPLIANT

Health Connect

Simple, secure access to the HSCN

Connect your users, sites, cloud and on-premise environments to the HSCN in a matter of minutes. We offer scalable bandwidths, flexible security options, and no installation fees.

Customer story

Discover how secure HSCN connectivity helped facilitate remote patient care during the COVID-19 pandemic

How we helped: Q doctor

We were able to deploy a proof-of-value in just 10 minutes to support Q doctor in providing remote patient care during the COVID-19 pandemic. Thousands of clinicians were able to connect to their virtual workspace system, helping to achieve a 30% reduction in face to face appointments.

"The Cloud Gateway team understood the need for a fast response, and went above and beyond expectations to fast track onboarding."

Dr Chris Whittle
Founder & CEO at Q doctor
