

Beyondsoft AI Innovation Workshop: Accelerate Your Business with AI

Overview

The Beyondsoft AI Innovation Workshop is a comprehensive, 2-hour virtual session designed to help businesses unlock the potential of Artificial Intelligence (AI) through practical applications and strategic insights. Led by experts from Beyondsoft's AI Innovation Center, this workshop provides an actionable roadmap for integrating AI into your business operations, leveraging Microsoft Azure's powerful AI tools.

What is the Beyondsoft AI Innovation Workshop?

This workshop is tailored for business leaders and IT professionals who are eager to explore AI's transformative potential. Whether you're at the beginning of your AI journey or looking to enhance existing projects, this session will equip you with the knowledge and tools necessary to drive innovation and efficiency.

Participants will:

- Understand the fundamentals of AI and its application in business.
- Learn how to solve real-world problems using AI.
- Explore the latest AI tools, including Microsoft Azure AI, and how they can accelerate your projects.
- Gain insights into successful AI implementations across various industries.

Workshop Agenda

Introduction (10 minutes)

- Overview of the workshop objectives.
- The impact of AI in today's workplace.
- Brief on AI types and their definitions.
- Highlight Beyondsoft's AI expertise and partnership with Microsoft.

AI in Today's Business World (20 minutes)

- Examination of AI success stories across industries.
- Deep dive into Microsoft Azure AI solutions.
- Showcase of Beyondsoft's AI projects and solutions.

Key AI Use Cases (30 minutes)

- Discussion of generative AI and traditional AI use cases.
- Case study: AI Chatbot implementation using the Beyondsoft AI Chatbot platform.
- Demonstration of Microsoft Azure AI tools in action.

Strategies for Implementing AI (30 minutes)

- Practical guidance on identifying AI opportunities.

- Strategies for initiating AI projects with Azure.
- Real-world case studies from Beyondsoft and Microsoft.

Conclusion and Q&A (20 minutes)

- Summary of key takeaways.
- Open floor for questions.
- Discussion on next steps and support options.

Outcomes

By the end of the workshop, participants will:

- Gain an understanding of how AI can enhance business operations.
- Learn actionable strategies for implementing AI, including configuration tips using Microsoft Azure.
- Begin to develop a roadmap for their AI journey with continued support from Beyondsoft.

Support and Follow-Up

After the workshop, Beyondsoft offers continued support to help you on your AI journey.

This includes:

- Follow-up consultations for project-specific advice.
- Continued collaboration opportunities with Beyondsoft's AI Innovation Center.

Pricing and Customization

This workshop is priced competitively, with custom options available based on your business needs. Please note that additional costs may apply for Azure resources used during the session.
