Upgrading from Dynamics GP to Dynamics 365 Business Central is a series of steps that must be performed and tested in sequence for the software to perform properly. Like the application itself, custom forms and reports must also be upgraded sequentially to ensure the system will perform as required in the upgraded environment. Below is a high-level overview of our process.

Our Process:

Why Choose GraVoc?

Experienced Dynamics 365 Consultants

Our team has successfully completed hundreds of Microsoft Dynamics 365 implementation projects, delivering tailored and cost-effective solutions for our clients that solve their business challenges.

Microsoft Solutions Partner for Business Applications

Previously a Microsoft Certified Gold Partner, GraVoc is now a Microsoft Solutions Partner for Business Applications. Our team has extensive training, years of industry experience, and certifications that strongly demonstrate our expertise in implementing Microsoft Dynamics 365 solutions.

Objective Product Recommendation

At GraVoc, we believe that our business is your success, so we are always looking out for our customers' best interests. Through a detailed business process review, our team will thoroughly evaluate and understand your processes to provide an objective product recommendation to deliver the results you need.
