# Life Sciences Accelerated

## GxP Cloud Compliance Solutions

### Cloud Assurance™

Continuously Compliant  
Business Apps  
SaaS

- Rapid implementation, validation, and maintenance of SaaS vendor changes
- Includes vendor audit and IS Health Check
- Faster implementation and adoption to maximize ROI
- Scalable solutions that evolve with your cloud roadmap
- Extensive digital transformation services including people and process changes
- Adapted for traditional CSV or the FDA's new CSA approach
- Trusted by more than 200 life sciences companies

### Unify Public Cloud™

Continuously Compliant  
Cloud Tech Stacks  
SaaS, PaaS, IaaS

- Rapid implementation, validation, and maintenance of public cloud vendor changes
- Includes vendor audit and IS Health Check
- Faster delivery through accelerators built on life sciences best practices
- Flexible cloud adoption model to help migrate your GxP workload
- Bundled solution to minimize and control cloud expenses
- Unlocks the value of your data; made possible with Azure, GCP, and AWS

## Partnerships

Through partnerships with best-of-breed cloud technology providers, we have solutions for every stage of your cloud journey.
