NEC Professional Services

NEC Professional Services, a business unit of NEC Australia, is a national ICT Staff Augmentation business with offices in every state of Australia.

We provide highly-skilled professional consultants with expertise across various technology streams, business areas and industries, who bring invaluable innovation and ideas from working with multiple clients in similar markets.

Behind NEC Australia is the leadership and expertise of NEC Corporation, a global leader in the integration of IT and network technologies that benefit businesses and people around the world.

NEC Australia's vision is '*shaping the most efficient businesses and creating a safer society by solving tomorrow's technology challenges*'. NEC Professional Services supports this vision by providing the right people to get the job done.

Services

NEC Professional Services provides highly-skilled resources in a variety of engagement types, including single or multi-person contract assignments, retained assignments and executive search. We service all industries and have a rich portfolio of customers across the country, ranging from SMB to large enterprise and government agencies. Operating across Australia, we provide both on and off-shore resources specialising in a range of services, including:
