Nulia Works provides value for:

Your organization

- Ensures a return on your Microsoft 365 investment across roles & departments
- Unlocks the value of Microsoft 365 by increasing usage across the entire suite, reducing the cost of traditional training and providing significant payback
- Payback is further enhanced through reduced spend for non-Microsoft storage, communication, and virtual meeting applications

Your employees

- Employees earn industry-certified badges that can be verified by others with data confirming skills are current and in use
- Meets your employees where they are, with what they need, personalizing skills development in their natural flow of work
- Empowers your employees to be confident in their new digital skills and enables you to know that you have a workforce with the Microsoft 365 skills they need

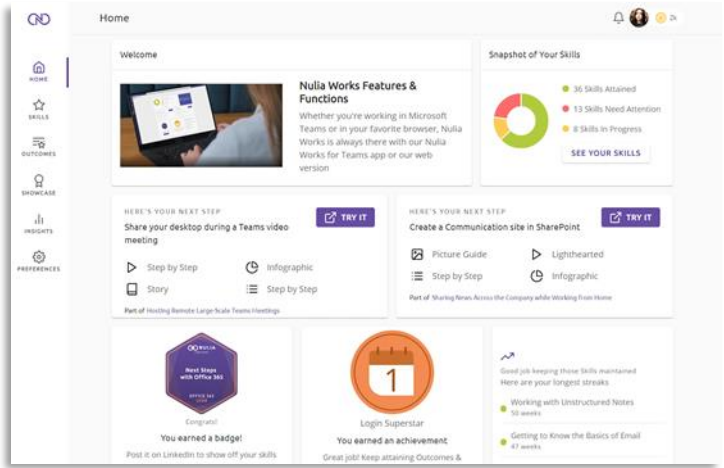

We are honored to receive the
Modern Workplace: Apps & Solutions for Microsoft Teams
Partner of the Year Award 2020
