

Only Aware Offers Complete Information Governance and Compliance Coverage for Yammer

Fulfill obligations to key governance, risk and compliance stakeholders with Aware's advanced controls and information governance. Out-of-the-box, Yammer only offers basic eDiscovery within Security and Compliance Center for e3 licenses.

Insider Threat	—	✓

* Basic eDiscovery is available for e3 licensed Yammer users. Aware offers the ability to conduct in-depth, granular eDiscovery (with conversation context) and fulfill Data Subject Access Requests for all Yammer license types — this is not offered by Yammer with Security and Compliance center. See example below.
