

#AvanadeDoWhatMatters

Unleash the Power of Generative AI for your  
Workplace with Microsoft 365 Copilot

A person is silhouetted against a large, vibrant fountain at night. The fountain's water is illuminated with a spectrum of colors including red, orange, yellow, green, and blue. The person is standing on a paved walkway, looking towards the fountain. The overall scene is dramatic and visually striking.

**We are on the cusp of a  
transformational shift in ways of  
working and personal productivity!**

**Generative AI will have the biggest  
impact on how people work since the  
Industrial Revolution.**

# Human+

- ❑ Human capabilities integrated in core workplace platforms
- ❑ Barriers to entry reduced democratizing access to work
- ❑ Personal productivity increases for workers
- ❑ Scale and volumes of output increases for companies
- ❑ Increased operational and business innovation

**Quick, successful adoption of Microsoft 365 Copilot and Generative AI for Workplace will act as a major differentiator for you against your competitors in the war for talent and in the marketplace**

# Why Avanade

## Our “Learning and Insights”

We are one of only 10 who’ve been on the Copilot journey with Microsoft since February

## Microsoft Partnership

Microsoft has captured the narrative on Generative AI and our position as No1 partner and our early involvement supporting development of Copilot positions us as a strong player and early mover in this space. Microsoft are keen for us to engage with EAP clients.

## Microsoft Specialization

We have deep subject matter experts who can provide the capacity and skills to enable clients to move fast to adopt copilot by addressing problems as they are encountered

## Our position as a Workplace innovator

Avanade’s is an established market innovator for Future of Work where we support clients to realize the value of the Microsoft Workplace through Enhanced Employee Experiences and the Reinvention of Work for Business Value Outcomes. This aligns with our Gartner Magic Quarter positioning.

## We have a broader perspective and toolkit

With our Experience Studio innovation service our Advisory, Experience Design & Tech experts create the backlog and business case, guide development, introduction and adoption of new technology / solutions, and provide ongoing oversight and management of the solution, and insights on value realized. Copilot may only be part of the answer.

# How Avanade can help

## Generative AI For Workplace A 3-Step Approach

### Learn | Explore | Build

Chart a course to get started. Work together with Avanade SMEs to understand and realize the business value of Microsoft 365 Copilot & Generative AI.

Avanade will join your team on-site (or remote) to go in-depth on the business value of Microsoft 365 Copilot & Generative AI capabilities within your workplace environment. We'll help you understand where you are on your current Microsoft 365 & Power Platform maturity journey, and what key next steps would look like to ensure that you can safely exploit the value of these capabilities as they become available to you.

1

#### 2 Hour Learn & Discuss

Microsoft 365 Copilot & Generative AI for Workplace introduction, focusing on Microsoft products & potential use-cases. Identify client questions and share the art of the possible.

2

#### 2 Day Hands-on Workshop / Design Thinking

Workshop focusing on deeper dive of your existing workplace environment & Microsoft 365 Copilot ambitions, to identify key priority actions.

3

#### 4 Week Copilot Assessment

A detailed assessment of your Workplace readiness to exploit Microsoft 365 Copilot and generative AI across the following three areas:

- Strategy & business
- Technology
- Governance & Process

OR

#### Experience Studio

Our Advisory, Experience Design & Tech experts create the backlog and business case, guide development, introduction and adoption of new technology / solutions, and provide ongoing oversight and management of the solution, and insights on value realized.

# Let's get started

The journey begins with a learn and discuss conversation. Connect with us to schedule a two-hour session with our GenerativeAI specialists. Together, we can identify use cases valuable to your firm, and chart a course forward to value and increased productivity for your Workplace.
