

# Enable your organization for the future with generative AI.

## Value Discovery Workshop for Copilot for Microsoft 365

Generative AI has unlocked a new frontier in productivity, promising a competitive edge for those organizations that can harness it over those that can't. However, achieving positive results with new capabilities such as Copilot for Microsoft 365 isn't reliant solely on a technical implementation. It requires new thinking around skills for your people and how you organize, use and protect content. We can help you organize toward that success.

A Value Discovery Workshop for Copilot for Microsoft 365 can help you achieve:

-  **Agility**
-  **Faster Innovation**
-  **Increased Performance**

### Begin Your Journey with Copilot for Microsoft 365

“First seek to understand” is how the saying goes. Whether you're a business leader charting the path of AI for your organization or a business user building your new way to work, you need to understand the big picture with Copilot for Microsoft 365. Our Value Discovery Workshop is designed to give you the start you need with Copilot for Microsoft 365 and plan your next steps. This engagement will help you to:

- Frame your understanding on what Copilot for Microsoft 365 is, and what it can do within the context of your organization.
- Showcase the intelligence added to employee experiences by unleashing creativity, unlocking productivity and leveling up skills.
- Walk through Microsoft's ROI calculator to assess business value of Copilot for Microsoft 365.
- Define scope, identify stakeholders and gather information on key business scenarios.
- Define next steps and timeline to develop and implement the solution.

#### Ready for more?

If you're ready to roll out a pilot of Copilot in your organization, check out our Deployment Accelerator with Adoption service. We can help you accelerate with technical readiness, understand data security and protection, prepare end-user adoption techniques and activate your first Copilot users!

This engagement is conducted interactively with your organization in around two weeks (duration) and provides:

	Deliverables
High-level overview of what to expect with Microsoft 365 Copilot and Microsoft's approach to responsible AI.	✓
Definition of up to three best opportunities for effective use cases and personas for Microsoft 365 Copilot.	✓
Walkthrough with Microsoft's Copilot ROI calculator to help you define business value.	✓
A high-level roadmap for the next steps on your journey.	✓
