AI Rapid Deployment:
2 Week Pilot

Unlock AI with our Azure OpenAI web chatbot pilot. Deploy GPT model, web chatbot, and get expert guidance.

Azure OpenAI Web Chatbot Pilot / Proof of Concept

Transform your business operations with our rapid Azure OpenAI web chatbot pilot service.

This offer includes:
- Ensuring the client meets Azure and Azure OpenAI prerequisites
- Deploying the latest Azure OpenAI GPT model
- Deploying a templated, generic chatbot for internal use, connected to the client's Azure OpenAI model
- Providing limited consulting, use case development, and prompt engineering guidance to effectively utilize the chatbot for secure text generation

Benefits:

- Rapidly leverage AI and GPT capabilities to accelerate targeted text generation tasks within your business

- Low cost and low complexity deployment

- Ensure company data stays secure and controlled

Engagement Timeline: 2 Weeks

Cost: $5,000
