

# diwoCatalyst

## Flexible Deployment, AI enabled Data Ingestion

## Decision Catalyst Engine

← Security & Governance Security, Observability, Responsible AI →

# Harness the power of diwoCatalyst & Microsoft

Microsoft Fabric

Microsoft Azure

Azure AI Studio

diwoCatalyst

Microsoft

---

## ■ Seamless Integration with Microsoft Cloud

diwoCatalyst can be deployed on Microsoft Cloud platforms such as Azure and Fabric.

---

## ■ Consume Analytics/Data Assets on Microsoft

- Consume data assets on Microsoft Ecosystem – (Synapse, One Lake, SQL Server).
- Utilize SQL API Endpoints.
- Consume ML pipelines
- Access Power BI Schematic Models

---

## ■ Utilize Azure AI Services

diwoCatalyst seamlessly integrates with Azure services

- Azure Cognitive Services - Document Intelligence, Azure Search Index.
- Azure Machine Learning
- Azure OpenAI Service

---

## ■ Seamless Deployment

diwoCatalyst can be seamlessly deployed on Azure with zero friction

- Azure Kubernetes Service.
