# Ensure quality, security and efficiency via Architecture Audits

About MHP – A Porsche Company:

MHP is one of the worldwide leading IT and management consulting companies.

We are driven by our customers' success. We ensure this success by providing excellent services based on proven, real world experience in multiple industries.

"RICO – Requirements Intelligent Collection" - masters the complexity of requirements engineering by simplifying and clarifying data collection, analysis and knowledge transfer through AI-supported automation

WHAT WE OFFER

"RICO" is a transformative solution for the early stages of requirements engineering (RE) that revolutionizes data collection, data analysis and knowledge transfer using AI.

In RE, manual data collection, analysis and knowledge transfer confront us with inconsistencies, loss of time and communication breakdowns.

RICO revolutionizes the RE-process with AI-powered automation that unifies data collection, accelerates analysis and makes knowledge transfer seamless

Our vision is to optimize the requirements engineering process, increase efficiency and accelerate the development of products that meet market needs. Let's build a future together where requirements management is not a hurdle, but a catalyst for innovation.
