There is no reason to lose track of your assets inside or outside of your facility. This Kit allows for asset tracking globally (i.e. no matter where you are, and no matter where the asset is located). Moreover, you can customize the notification parameters at any time and for any device using the App.

All of the data can be viewed on a customized dashboard or sent directly to your existing ERP solution or other business intelligence software.

Standard Market Ready Kit Includes:

- ✔ 1 Asset Tracking Attachable Brick

- ✔ Plug-and-Play
- ✔ No Engineering or IT Staff Required
- ✔ Instant Access
