WE ARE PASSIONATE TO
DIGITALLY TRANSFORM
OUR CUSTOMERS' BUSINESS UNITS

POWER SQUADS

Unique framework to drive digital transformation

Prosperi

Power Squads is our framework for the development of our digital transformation service through **MS Power Platform & Copilot.**
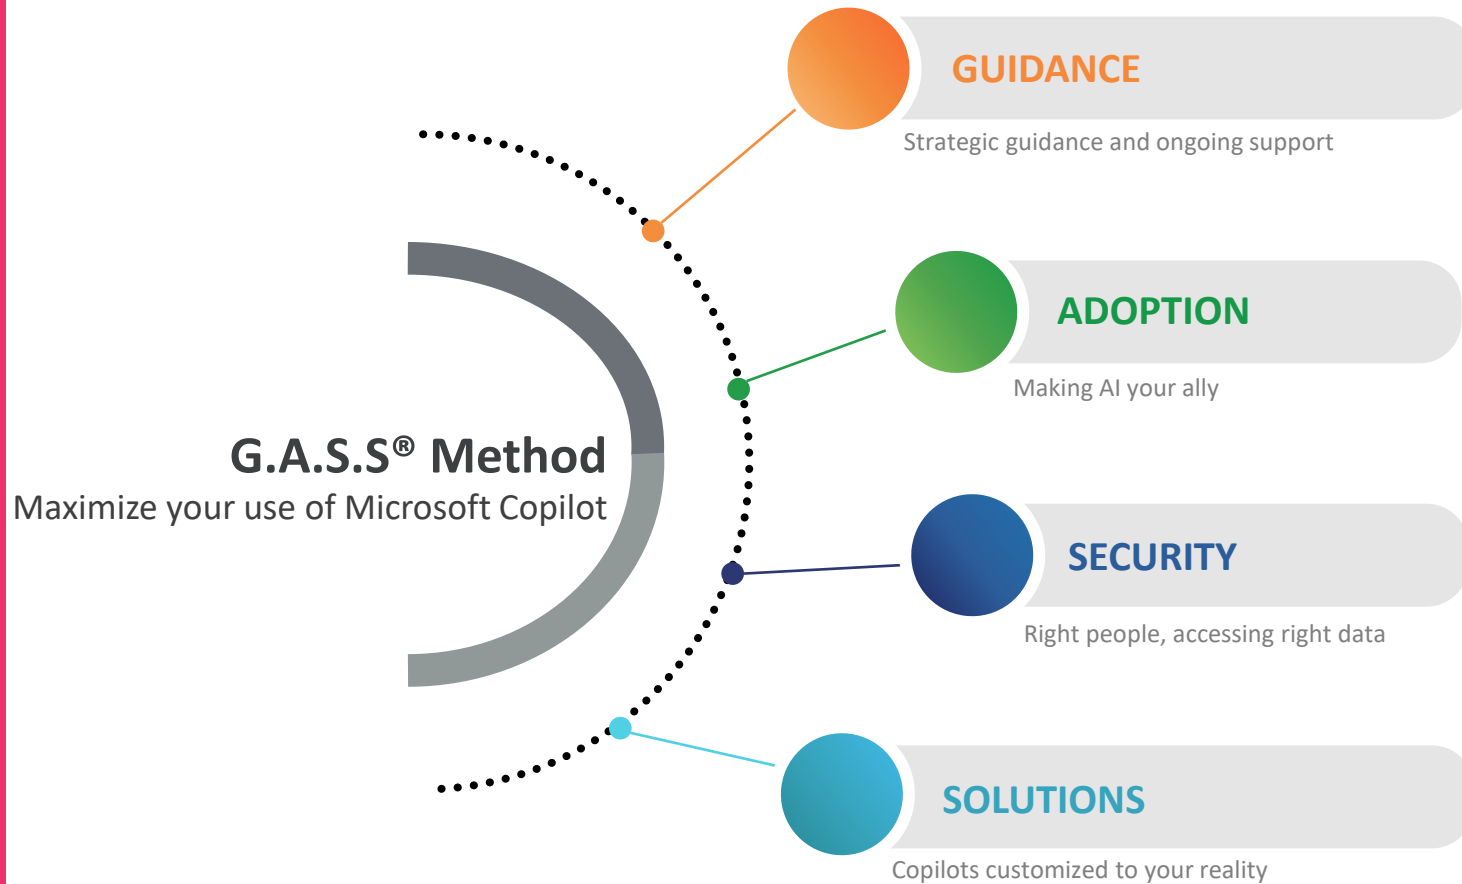

We have incorporated a set of methods and best practices that allow us to deliver solutions in a more agile, efficient and consistent way. Thus, we simplify the digital transformation process in the business areas, ensuring fast and sustainable results.

OUR SERVICES

COPILOT AS A SERVICE

Unlock the Potential of Copilot to Maximize Productivity and AI Impact

POWER SQUADS

GUIDANCE

Strategic guidance and ongoing support

ADOPTION

Making AI your ally

G.A.S.S® Method

Maximize your use of Microsoft Copilot

SECURITY

Right people, accessing right data

SOLUTIONS

Copilots customized to your reality

FOR COMPANIES

Who have already invested in Copilot licenses and want to unlock the full potential of artificial intelligence, boosting the productivity of their employees to the maximum through Copilot 365 or through intelligent solutions with Copilot Studio.

BENEFITS

1. Correct use of Copilot
2. Increased productivity
3. Developing AI solutions for everyday work

Prosperi

OUR DELIVERABLES

G.A.S.S® Method
Maximize your use of Microsoft Copilot

Guidance

Provide continuous guidance and support to ensure that the adoption of MS Copilot is effective and aligned with the organization's needs, maximizing its benefits over time.

DELIVERABLES

- **Management** and monitoring
- **Workshop:** Guidelines on technical prerequisites and licensing.
- **Best practices** for engaging employees and ensuring efficient use of Copilot's functionalities.
- **Monitoring** through usage reports and Viva Insights dashboards for tracking.
- **Continuous optimization plans** and expansions with plugins, actions, and customizations via Copilot Studio.

Adoption

The successful adoption of new technologies is crucial to maximize return on investment and increase acceptance among end users.

DELIVERABLES

- **Hackathon**: Copilot Studio + Power Platform
- **Workshop:** Overview of Microsoft AI (Azure and Copilot)
- **Workshop**: Leveraging the use of Copilot 365 in day-to-day operations to improve decision-making with Copilot 365
- **Workshop**: Copilot 365 for Managers – How to manage daily tasks and improve decision-making using Copilot 365
- **Workshop**: Best practices in writing using Copilot 365
- **Videos** Instructive courses, newsletters, blogs, practical tips on Copilot 365 usage, and Q&A.

Security

Defining security measures to protect sensitive data, ensuring the integrity of operations, and making sure information reaches the right people.

DELIVERABLES

- **Security review** of up to 5 SharePoint portals for the secure use of Copilot 365 and Copilot Studio
- **Workshop**: Overview of Copilot for Security
- **Workshop**: Copilot 365 for administrators – Secure use of Copilot 365 and Copilot Studio
- **Workshop**: Microsoft Purview - Understanding data classification and confidential information

Solutions

Development of applications that solve specific problems and improve operational efficiency through Copilot Studio and Power Platform.

DELIVERABLES

- **PoCDay:** Proof of concept for solving a challenge through Copilot Studio
- **Diagnostic sessions** through the Design Thinking approach
- **Workshop**: Overview of Copilot Studio
- **Workshop**: Best practices in Copilot development
- **Makers** community
- **Custom Copilot** development

COPILOT AS A SERVICE

PROPOSED TIMELINE

G.A.S.S® Method
Maximize your use of Microsoft Copilot

QUARTER 1	QUARTER 2	QUARTER 3	QUARTER 4

Kick off
Project Presentation

- Overview of AI (Azure AI and Copilot)
- Best practices for engaging employees and ensuring efficient use of Copilot's functionalities
- Optimizing daily tasks and improving decision-making with Copilot 365
- Leveraging Copilot 365 within the organization
- Best practices for writing prompts for Copilot 365
- Copilot 365 for administrators
- Quick tips: Newsletters, videos, tricks, and tips

Maturity Report 01
Copilot Usage Analysis

- Overview of Copilot for Security
- Custom Copilot development
- Diagnostic sessions using the Design Thinking approach
- Hackathon: Copilot Studio + Power Platform 🇧🇷
- Monitoring via Reports
- PoC Day
- Q&A Session
- Security review of up to 2 SharePoint portals for secure use of Copilot 365 & Copilot Studio
- Quick tips: Newsletters, videos, tricks, and tips

Maturity Report 02
Copilot Usage Analysis

- Copilot Makers Community
- Overview of Copilot Studio
- Overview of Power Platform + Copilot Governance
- Custom Copilot development
- Best practices for Copilot development
- PoC Day
- Monitoring via Reports
- Q&A Session
- Quick tips: Newsletters, videos, tricks, and tips

Maturity Report 02
Copilot Usage Analysis

- Copilot Makers Community
- Microsoft Purview – Understanding data classification and confidential information
- Custom Copilot development
- PoC Day
- Hackathon: Copilot Studio + Power Platform 🇧🇷
- Monitoring via Reports
- Q&A Session
- Quick tips: Newsletters, videos, tricks, and tips
