# A cross-company contact directory

# Agenda

- What is it?
- The steps
  - 1. Connect your corporate address book
  - 2. Place your users in the same group
  - 3. Search through your Federated Directory
- Security and privacy
- Try it now

Collaboration between companies is the key to success

This starts with the ability to easily find and contact each other

This is often harder than it should be

Introducing

# FederatedDirectory

open contacts

# Step 1: Connect your corporate address book

Step 2: Put the users from the different companies in the same group

## Step 3. Search your Federated Directory

---

# 1. Connect your corporate address book

Your current corporate address book is the source

Push the contacts from your current address book to your Federated Directory

Find us in the marketplaces of:

- [Microsoft Azure AD](#)
- [Google Workspace](#)
- [Okta](#)

Other sources can use our SCIM 2.0 compliant [API](#).

## Or manage your users manually

When the automated options don't fit your situation, you can manage your users directly in Federated Directory.

- Manually
- Bulk upload with a CSV file

The screenshot shows a web interface for managing users. The top navigation bar is blue and contains a menu icon, the text 'Directories > Bulk', and a help icon. Below the navigation bar are four tabs: 'USERS', 'SETTINGS', 'KEYS', and 'LOGS'. The main content area has a search bar labeled 'Filter on display name' and a 'CREATE USER' button. Below the search bar is a table with columns for 'Display Name', 'Title', 'Division', and 'Department'. The table contains ten rows of user data, each with a profile picture icon.

Display Name ↑	Title	Division	Department
Abby Oliver	Barista	EMEA	Baristas
Abdelhakim Stikkelorum	Finance Manager	Corporate	Finance
Abdinasir Te Winkel	Payroll Analyst	Asia Pacific	HR
Abdül Hafkamp	Product Manager	Asia Pacific	Marketing
Abigail Wood	Barista	Americas	Baristas
Acilino Gonçalves	Barista	EMEA	Baristas
Adam Henning	Brand Manager II	Americas	Marketing
Addison Jean-Baptiste	Product Manager	Asia Pacific	Marketing
Addison Patel	Store Manager	EMEA	Baristas
Adolfo Ibañez	Shift Supervisor	Americas	Baristas

---

## 2. Place your users in the same group

# Create a group and invite others to your group

Users in the same group are able to find each other's contact information.

Configure which data is shared between the users, during the creation of the group.

Invite users from different companies into one group.

A group can be very small (project) or contain the complete corporate address books of multiple companies.

The screenshot shows a web interface for managing a group named "Coffee and food chain". The interface has a blue header with a menu icon, the group name, and a help icon. Below the header are three tabs: "MEMBERS", "SETTINGS", and "LOGS". The main content area features a search bar with the text "le" and a filter icon. To the right of the search bar is an "ADD MEMBERS" button. Below the search bar is a table listing group members with columns for "Display Name", "Title", "Group Owner", and "Company".

Display Name	Title	Group Owner	Company
Adam Alexander	Coffee Bean Picker		
AL Adam Lévesque	Farmer		
AR Adèle Robin	Senior Grinder		
AV Adele Vance	Retail Manager		
Adriana Gallego	Barista		
Ale Popken	Farmer		
Aleid Joziasse	Pilot		
Alejandra Parra	Medior Roaster		
Alejandro Blanco	Farm Manager		
Alejandro Calvo	Brand Manager II		

# Automatically add users from your company to a group

Groups > Coffee and food chain

MEMBERS SETTINGS LOGS

Coffee and food chain [LEAVE GROUP](#) [DELETE GROUP](#)

Id  
73b1b6c0-34ba-11eb-9b55-dde8cde3bc48

Name \*  
Coffee and food chain

Description  
From manufacturer to customer, all in one group

[SAVE](#)

Smart Filter  
Users that match this filter will be automatically added to this group.

All users, that match the below filter, are added to this group.

[Corporate](#) [Finance](#)

Users that do not match this filter, can still be added to this group through an invite.

[EDIT FILTER](#)

Shared attributes  
These attributes are shared among the users in this group  
To protect the privacy of the members, it can not be changed.

- ▼ Name
  - Family name
  - Given name
  - Display name
  - Nickname
- ▼ Email addresses
  - Work
- ▼ Phone numbers
  - Work

Logo  
Select a JPG or PNG image with a resolution of 150 x 150 pixels.

Administrators can add a “Smart Filter” to a group.

All users within your company, that adhere to this filter, will be automatically added to the group.

The filter is re-evaluated during every change on a user.

It’s the easiest way to share the contact data between large groups of users between companies.

---

## 3. Search through your Federated Directory

# Search through the contact data on any device

Your users can use Federated Directory on any device.  
Installable on Windows & Android

## Use advanced filters to find the right contact fast

Finding the right contacts, after combining the corporate address books of multiple companies can be a challenge.

Our advanced filters make it easy for your users.

Filter contacts based upon:

- Name
- Email address
- Company
- Division
- Department
- Job Title
- Manager

### Filter users

 Company  
Momilk products

---

 Division  
Brazil

---

 Department  
Corporate

---

 Title  
Legal advisor

---

 Manager  
Adam Margaret

Selected manager id: 827408f0-c962-11e7-96db-1f205de6c740
