As straightforward as it gets

Free 30 day trial

Try before you buy. Use all features. Keep your data.

Switch or cancel anytime

You can change your plan at any time. Add or remove users as your situation requires it. No deadlines.

Pay per user

Buy only what you need. Count the exact amount of users you need and purchase exactly what is required, independent from size of your Azure DevOps account.

Pay for what you use

Changes are applied immediately, credits are applied to your balance.
