Capture Person

The screenshot displays the 'CsHealth Summary Care Record' interface for a person named Sarah Rohanas. The interface is divided into several sections:

- Header:** Includes the CsHealth logo, the title 'CsHealth Summary Care Record', and a search icon.
- Left Sidebar:** Contains navigation links for Home, Recent, Pinned, My Work, Dashboard, and People and Places (which is expanded to show People, Organisations, and Places).
- Top Bar:** Features a toolbar with actions like Save, Save & Close, New, Deactivate, Connect, Assign, Email a Link, Delete, Refresh, Process, Share, Flow, and Word Templates.
- Consent Notification:** A yellow banner at the top states 'Consent has been granted.'
- Person Profile:** Displays the person's name 'Sarah Rohanas' and their role 'Person - Person Form'.
- Summary Tab:** The active tab, showing various information sections:
 - Personal Information:** Includes Record Type (Personal), NHS Number (435 308 2566), First Name (Sarah), Last Name (Rohanas), Date of Birth (05/12/1989), Gender (Female), and Date of Death (---).
 - Consent:** Shows Consent Status (Fully Consented) and Consent Date (05/12/2020).
 - Timeline:** Contains a search bar, a note entry field, and a list of events. One event is visible: 'Appointment from Mark Si Blood Test - Phlebotomy Appointment' on 14/12/2020 at 10:00, marked as 'Active'.
 - Risk Factors:** Currently shows 'No data available.'
 - Conditions:** Currently empty.
- Personal Details:** A sidebar on the right containing fields for Salutation, Next of Kin, Ethnic Group, Ethnic Background, GP / Doctor, GP Practice, Security Answer, and Occupation.
- Contact Information:** A sidebar on the right containing fields for Preferred Method of Contact, Email, and Mobile Phone.
- Bottom Bar:** Shows 'RM Relationship Man...' and 'Active | Owner: Mark Si'.

Capture Event

The screenshot shows the CsHealth application interface. The top navigation bar includes the CsHealth logo and a breadcrumb trail: CsHealth > Contact Tracing > Events. A left sidebar contains navigation links: Home, Recent, Pinned, My Work, Events (selected), Interventions, People and Places, People, Organisations, and Places. The main content area is titled 'Active Events' and features a table with columns for 'Event Date' and 'Name'. The table lists four events, all occurring on 03/06/2020 at various times (08:00, 08:00, 12:00, 16:00), all categorized as 'Infectious Contact'. Above the table are buttons for 'Show Chart', 'New', 'Delete', and a refresh icon. At the bottom, a status bar shows 'CT Contact Tracing', 'ABC', and '1 - 4 of 4 (0 selected)'.

| Event Date | Name |
|------------------|--------------------|
| 03/06/2020 08:00 | Infectious Contact |
| 03/06/2020 08:00 | Infectious Contact |

Event & Intervention Pathways

The screenshot displays the 'CsHealth Safety Client' application window. At the top, a purple header bar shows the patient's name 'Alan Johnson', age '86 years old, Male', date of birth '01-Jun-1934', NHS Number '652 248 5422', and address '15 Apple Tree Grove, Telford, TF5 3BN'. Below this, a navigation bar includes the 'CsHealth' logo and a breadcrumb trail: 'CsHealth > Contact Tracing > Interventions > Contact Tracing - Alan Johnson (652 248 5422)'. A toolbar with icons for Save, Save & Close, New, Deactivate, Delete, Refresh, Process, Add to Queue, Queue Item Details, and Assign is visible. A warning banner states 'Consent status Unknown.' The main content area features a section titled 'Contact Tracing - Alan Johnson (652 248 5422) Intervention' with details: 'INT-0001002 Intervention No.', '2 - Medium Risk', 'Active Status Reason', and '--- On Hold Time (Minutes)'. A horizontal process flow bar shows four stages: 'Assess' (completed with a checkmark), 'Intervene (41 Hrs)' (current stage with a target icon), 'Trace', and 'Monitor'. Below the flow bar, tabs for 'General', 'Mapping', and 'Related' are shown. The bottom of the screen displays input fields for 'Intervention', 'Health Status', and 'Event Elapsed Time'.

- **Warning flags alert the user to critical information**
- **Visible process flow indicates progress**
- **Stage durations are tracked to enable KPI monitoring**

The main content area is titled 'Contact Tracing - Alan Johnson (652 248 5422) Intervention'. It features a timeline with stages: 'Event Intervention Conta... Active for 41 hours', 'Assess', 'Intervene (41 Hrs)', 'Trace', and 'Monitor'. Below the timeline, there are three panels: 'General' (Intervention Type: Contact Tracing, Person: Alan John..., Status Reason: Active, Owner: Mark Sissens), 'Health Status' (Condition: Covid-19, Risk: 2 - Medium, Condition Status: Suspected, Infectious Start Date: ---, Infectious End Date: ---), and 'Event Elapsed Time' (13d 1h 29m 49s). A 'Trigger Event' panel shows Event Type: Infectious Contact and Event Date: 03/06/2020 16:00. A left sidebar contains navigation links for Home, Recent, Pinned, My Work (Dashboard, Events, Interventions), and People and Places (People, Organisations, Places). The bottom status bar shows 'CT Contact Tracing' and 'Active'.

Patient Safety App:

- Provides person context data to support safe clinical decision making
- Tracks patient context and closes documents opened in the context of a previous person

Team Productivity Tools

- Secure automated status monitoring via Email, SMS or CsHealth Web Portal
- Queue Management functionality enables large teams to work effectively
- Integration with Skype, Skype for Business, Microsoft Teams and Outlook
- Integration with Microsoft Power BI and Excel for powerful analytics

Integration & Data Import / Export

- **REST API to support integrations with healthcare systems**
- **Scheduled Data Import / Export function using standard CSV format**
- **Batch Import of Excel or XML files**
