Workforce Management

# Novo Workforce Management for Dynamics 365 for Finance & Operations

Increase efficiencies and productivity with comprehensive workforce management.

If you are a company with employees working various shifts whether they are part-time, full-time, or working rotating shifts, Novo Workforce is for you. Use our intuitive user interface, and advanced features to create employee schedules within minutes.

Novo Workforce Management is the most powerful Workforce Management ISV for Microsoft Dynamics 365 for Finance and Operations. Covering advanced employee management and shift scheduling

- ✓ Simple user friendly scheduling
- ✓ Automated scheduling of resources
- ✓ Intuitive shift exchanging
- ✓ Manage shift tasks efficiently
- ✓ Bring everyone on the same page through internal messaging
- ✓ Seamlessly integrated to Dynamics 365 Time and Attendance

# Features

## User-friendly Scheduling

Create schedules quickly and easily. View employee availability/capacity and create and assign shifts accordingly. Publish the schedule so employees can view their shifts on the Novo Power App.

## Automatic Scheduling

With automatic scheduling, Novo Workforce takes care of the scheduling while arranging the best employees for the job.

## Task Assignment

Assign tasks to the right people so everything is in control at the end of the day. Save your precious time by scheduling recurring tasks with one click.

## Benefits

Increased efficiency

Create new schedules with ease

Streamlines workforce management

Ensures compliance

Automates processes

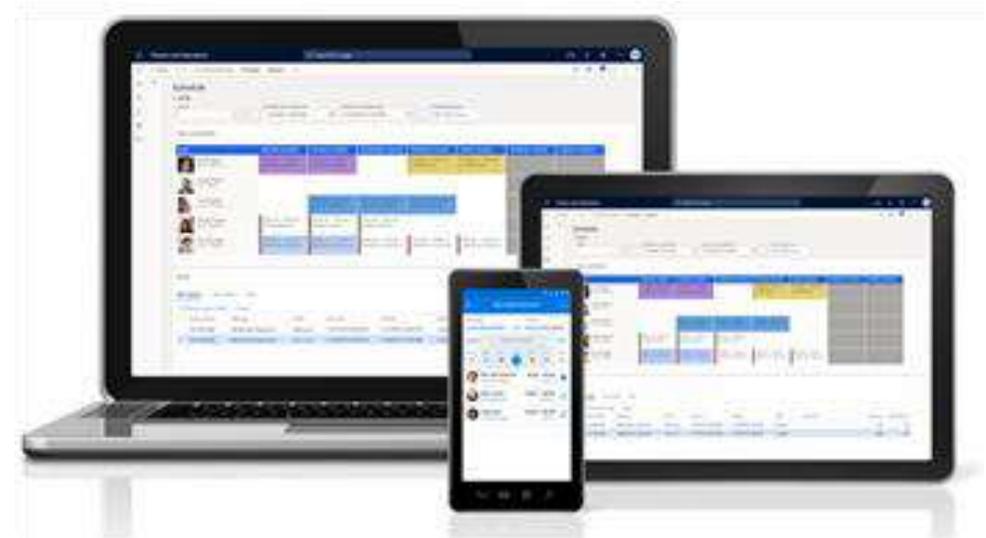

Intuitive Employee Power App

## Shift Exchanging

If your industry allows employees to work at different times this can be valuable to the company, let them do it with shift swapping through the Novo shift trading feature.

## Leave Requests

Allow employees to request leave, and manage approvals with a customisable workflow to configure the approval process to your needs.

# Achieve a Disruptive Advantage.

E-mail: [info@disruptive-advantage.com](mailto:info@disruptive-advantage.com)

Disruptive Advantage are a Microsoft Dynamics 365 Independent Software Vendor (ISV), with over 10 years experience designing and developing solutions for the Microsoft Dynamics Platform. Contact us today for more details about our solutions.

## Add-Ins

In addition to the breadth of functionality offered by Microsoft, we have extended the core Microsoft Dynamics 365 capabilities with advanced features through Add-Ins for Dynamics 365.

## Vertical Solutions

Our vertical solutions for the Microsoft Dynamics 365 platform are comprehensive end-to-end industry specific solutions. Removing costly integration to stand-alone systems and ensuring data integrity.

## Fully Integrated

All our solutions provide advanced and intuitive functional whilst remaining fully integrated within the Microsoft technology stack and are closely aligned with Microsoft product development.
