Information Age Technologies, Inc.

DocHawk

DocHawk appeals and provides benefit to any organization seeking a more efficient way to capture and track documentation or expiring certifications.

Challenges	Ideal Solution	Desired Outcomes
Regulation Compliance	**Accessible storage and flexible tracking of documentation**	**Dozens of companies across the globe are downloading DocHawk weekly to simplify their document management challenges** **DocHawk is an extremely affordable solution that doesn't require much manual entry or oversight**
Must maintain verifiable documentation & present upon request. Especially in regulated markets.	**Difficult to minimize the risk of being non-compliant with industry regulations if there isn't an accessible location to store, manage documentation and expiring certifications for employees, equipment, etc.**	**Companies downloading and utilizing DocHawk have recognized the benefit of being able to more efficiently store, track and retrieve their pertinent and time sensitive documentation.**

Information Age Technologies, Inc. - DocHawk

IAT | DocHawk + Microsoft Teams & Outlook

Microsoft Teams has allowed applications such as DocHawk to exist and provide greater benefit to users in a more advanced technological space than ever before. As the workforce transitions into a more mobile environment, Microsoft Teams and DocHawk will provide the necessary user versatility necessary for companies to achieve maximum efficiency.

Solution Alignment

DocHawk + Microsoft Teams/Outlook	DocHawk + Microsoft Teams/Outlook	DocHawk + Microsoft Teams/Outlook
Integrating functions of DocHawk, Teams and Outlook make the applications extremely efficient across multiple platforms	**More affordable and collaborative than a full blown website solution.**	**More efficiently send email alerts and notification to pertinent employees.**

ACCESS FOUNDATION

"DocHawk is very useful, particularly for regulated businesses. It helps us stay on top of city, state, and federal licenses required for our staff and properties."

– Alan Oviatt (Co-Founder – Access Foundation)

Win Results

DocHawk & Microsoft Teams enables Access Foundation to track many licenses within the heavily regulated Affordable Housing Community.

DocHawk via Microsoft Teams has provided Access Foundation quick and easy accessibility to time sensitive documentation.

Access Foundation was able to setup and begin utilizing DocHawk within only one hour after download via Microsoft Teams.
