DYNAMICS 365 FINANCE & SUPPLY CHAIN MANAGEMENT 10-WEEK IMPLEMENTATION

In addition to configuring your system, we support you throughout your implementation with:

DATA MIGRATION

Western Computer simplifies data integration by providing you with Excel templates to work with your source data and ensure all data is clean and aligned with Dynamics 365 Finance & Supply Chain Management specifications. Our consultants will then load your data into your test and production environments.

- **Main accounts**
- **Account Categories**
- **Customers**
- **Vendors**
- **Items**
- **Inventory**
- **Historical Trial Balances** (Reversing Entry and Year End)
- **Open Customer Invoices** (GL Journal Entry)
- **Open Vendor Invoices** (GL Journal Entry or Invoice Journal)
- **Open/Uncleared Vendor Checks** (GL Journal Entry or a Check Entity)
- **Open/Uncleared Customer Checks**

DEDICATED PROJECT MANAGEMENT

Our commitment to your success includes a dedicated Project Manager who will facilitate all aspects of your Dynamics 365 Finance & Supply Chain Management implementation, including:

- **Project kickoff meeting**
- **Deliverables, resources and schedules**
- **Weekly status meetings**
- **Your go-live checklist**
- **Your go-live cutover process**

TRAINING

Up to 100 hours of training is included to ensure users are quickly comfortable, confident, and productive.

- **General System Navigation**
- **Accounting**
- **Operations**
 - Sales & Purchasing
 - Inventory Management
 - Picking & Shipping

GO-LIVE READINESS

We will get your system ready for Go-Live cutover and coordinate the completion of the Go-Live checklist with Microsoft.
