

Envision what your future in manufacturing looks like

Our experts are here to help you solve key challenges such as:

- Activating digital selling
- Building a resilient supply chain
- Enabling always-on service
- Managing financial risk and reducing fraud
- Migration to the Cloud
- Managing IT Services

Manufacturing a better future.

Manufacturing is rapidly transforming from production to product-as-a-service which is creating a need for more efficient responses, sustainable supply chains, responsible and compliant practices, and a growing skills gap in workers. This is pushing manufacturers to create new business models and rethink the entire manufacturing value chain.

In this new reality, how do you envision the future state of your organization? Build your transformation strategy with Microsoft Catalyst, a proven and powerful approach to innovation.

Let's ideate together

As part of Catalyst, meet with our experts and run an envisioning workshop, where we can ideate together using design led thinking concepts and jointly define how to enable the digital transformation of your organization.

This one-day briefing starts with a review of your business objectives, followed by mutual discovery and visualization of solutions, ending with a clear, actionable picture of how we can help you reach your business goals.

How Columbus can help

Columbus is a global IT service and consulting company with more than 2,000 employees serving our customers worldwide. We lead with best-practice consulting and managed services that we have refined over more than 3,000 successful implementation projects in manufacturing.

Columbus[®]

Columbus for Discrete Manufacturing

What is Microsoft Catalyst?

Build, plan, and execute business transformation strategies with a proven, innovative approach from Microsoft Catalyst—an envisioning and planning program that employs Microsoft Dynamics 365, the Microsoft Power Platform, and the Microsoft Cloud. Your business transformation starts with an I.D.E.A.

Start by finding the transformation strategy that's right for you. Define and prioritize your strategy using development activities, then foster ideation and drive decision making with an envisioning workshop.

Inspire

Imagine a future state solution for your business

Design

Discover what's possible by aligning technology investments to business goals

Empower

Empower others in your organization to see the value

Achieve

Achieve business outcomes and improved customer experiences

➤ Envisioning Workshop

➤ Business Value & Solution Assessment

➤ Solution Demonstration

➤ Transformation Plan
