

# Online ordering platform

We provide an ecommerce platform that help you find customers, get sales, and manage your operation, without wasting money and time with complex software, agencies or commissions

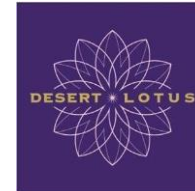

# Why DeliverAI?

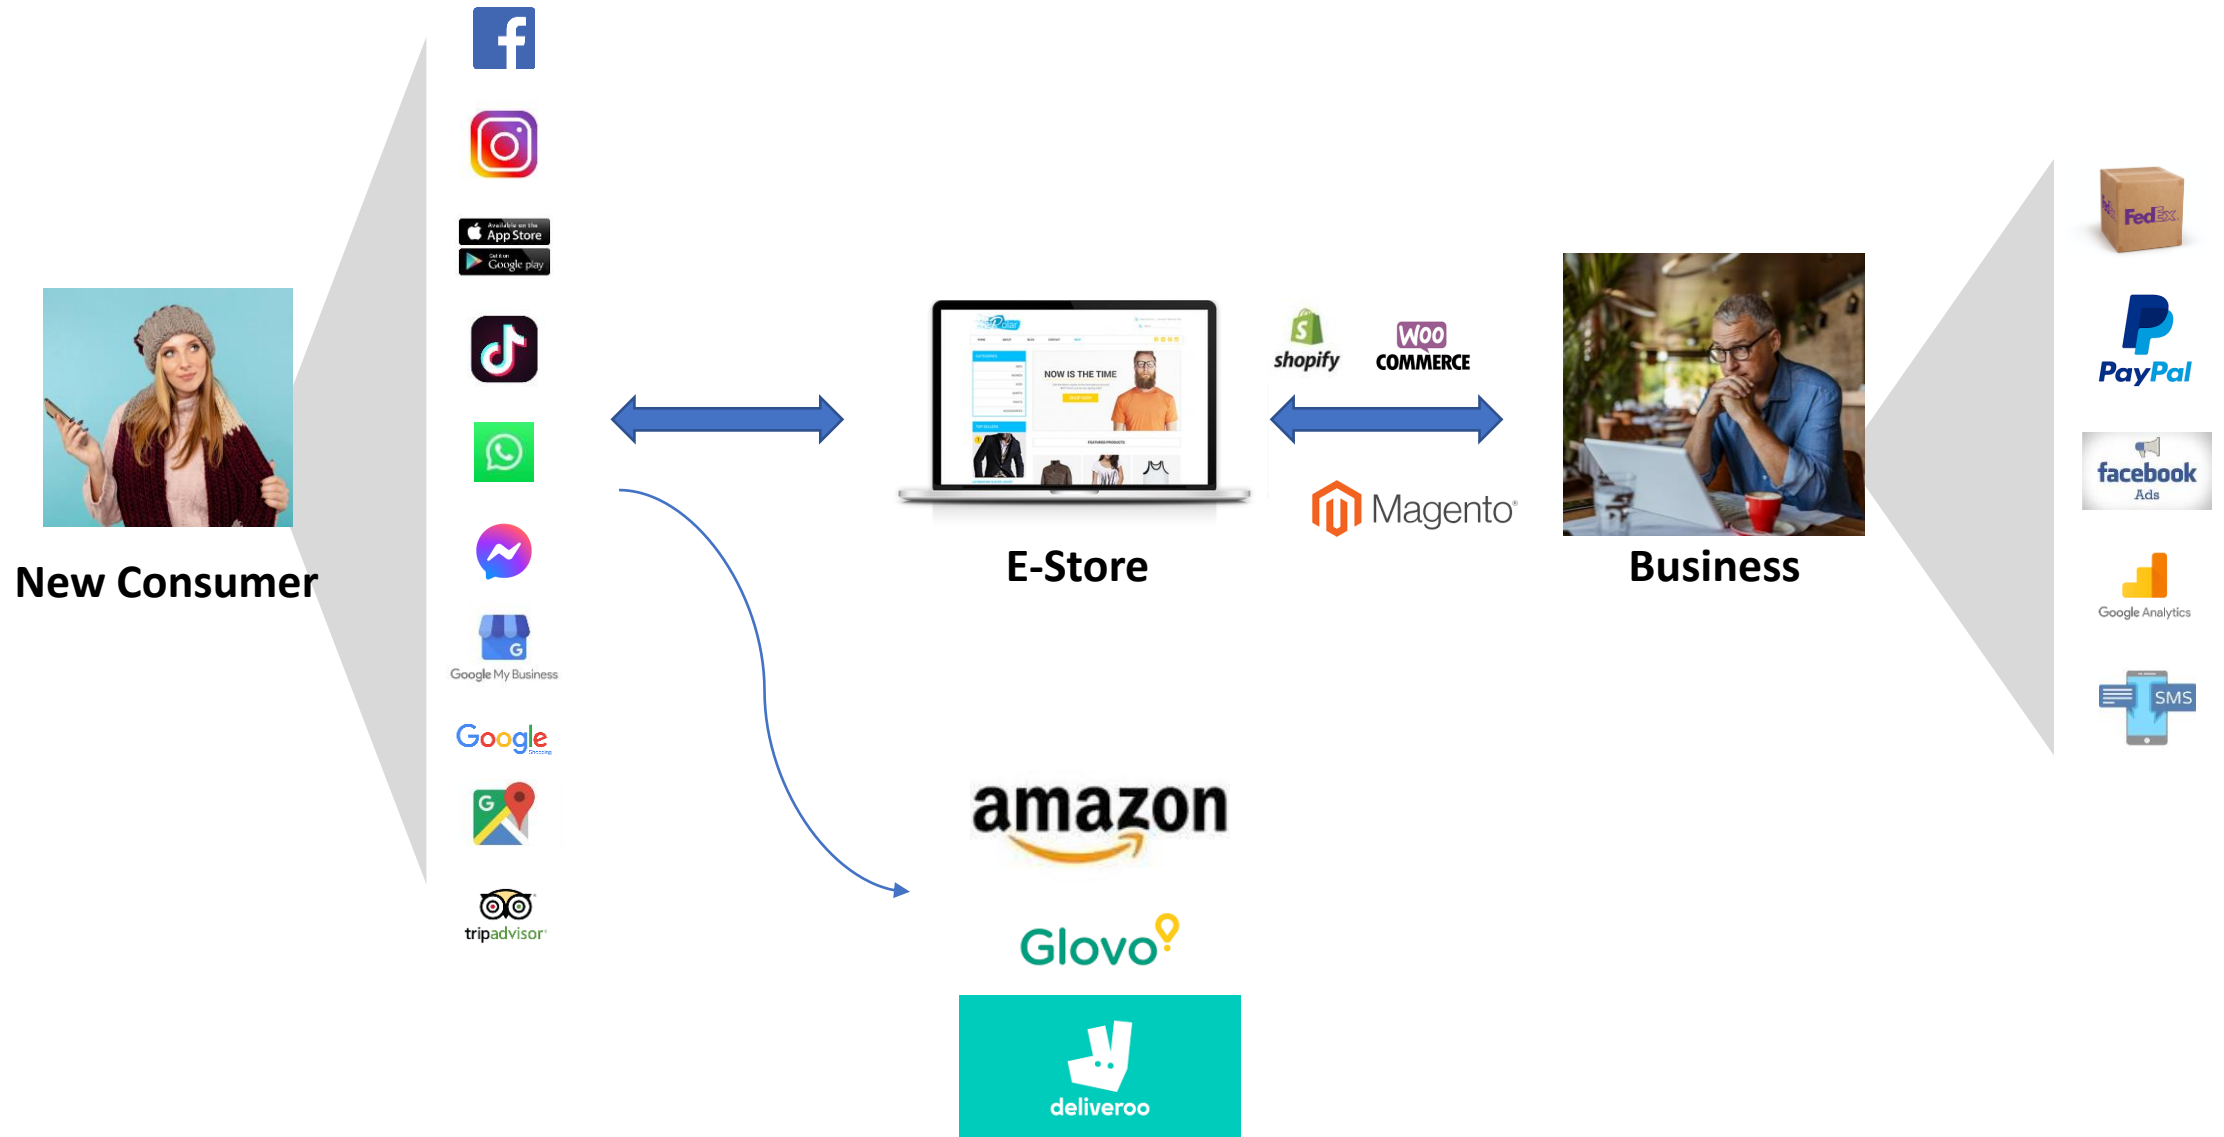

- ✓ Zero commissions
- ✓ Affordable, no need for expensive set-up cost or buy a new tablet
- ✓ Convert your existing website and social media into a powerful e-commerce
- ✓ Reduce staff cost and errors (by reducing the call center calls)
- ✓ Sell more to your dine in customers
- ✓ Increase sales with loyalty and online promotion

In the last 6 months 100+ new brands have joined us and changed their sales performance

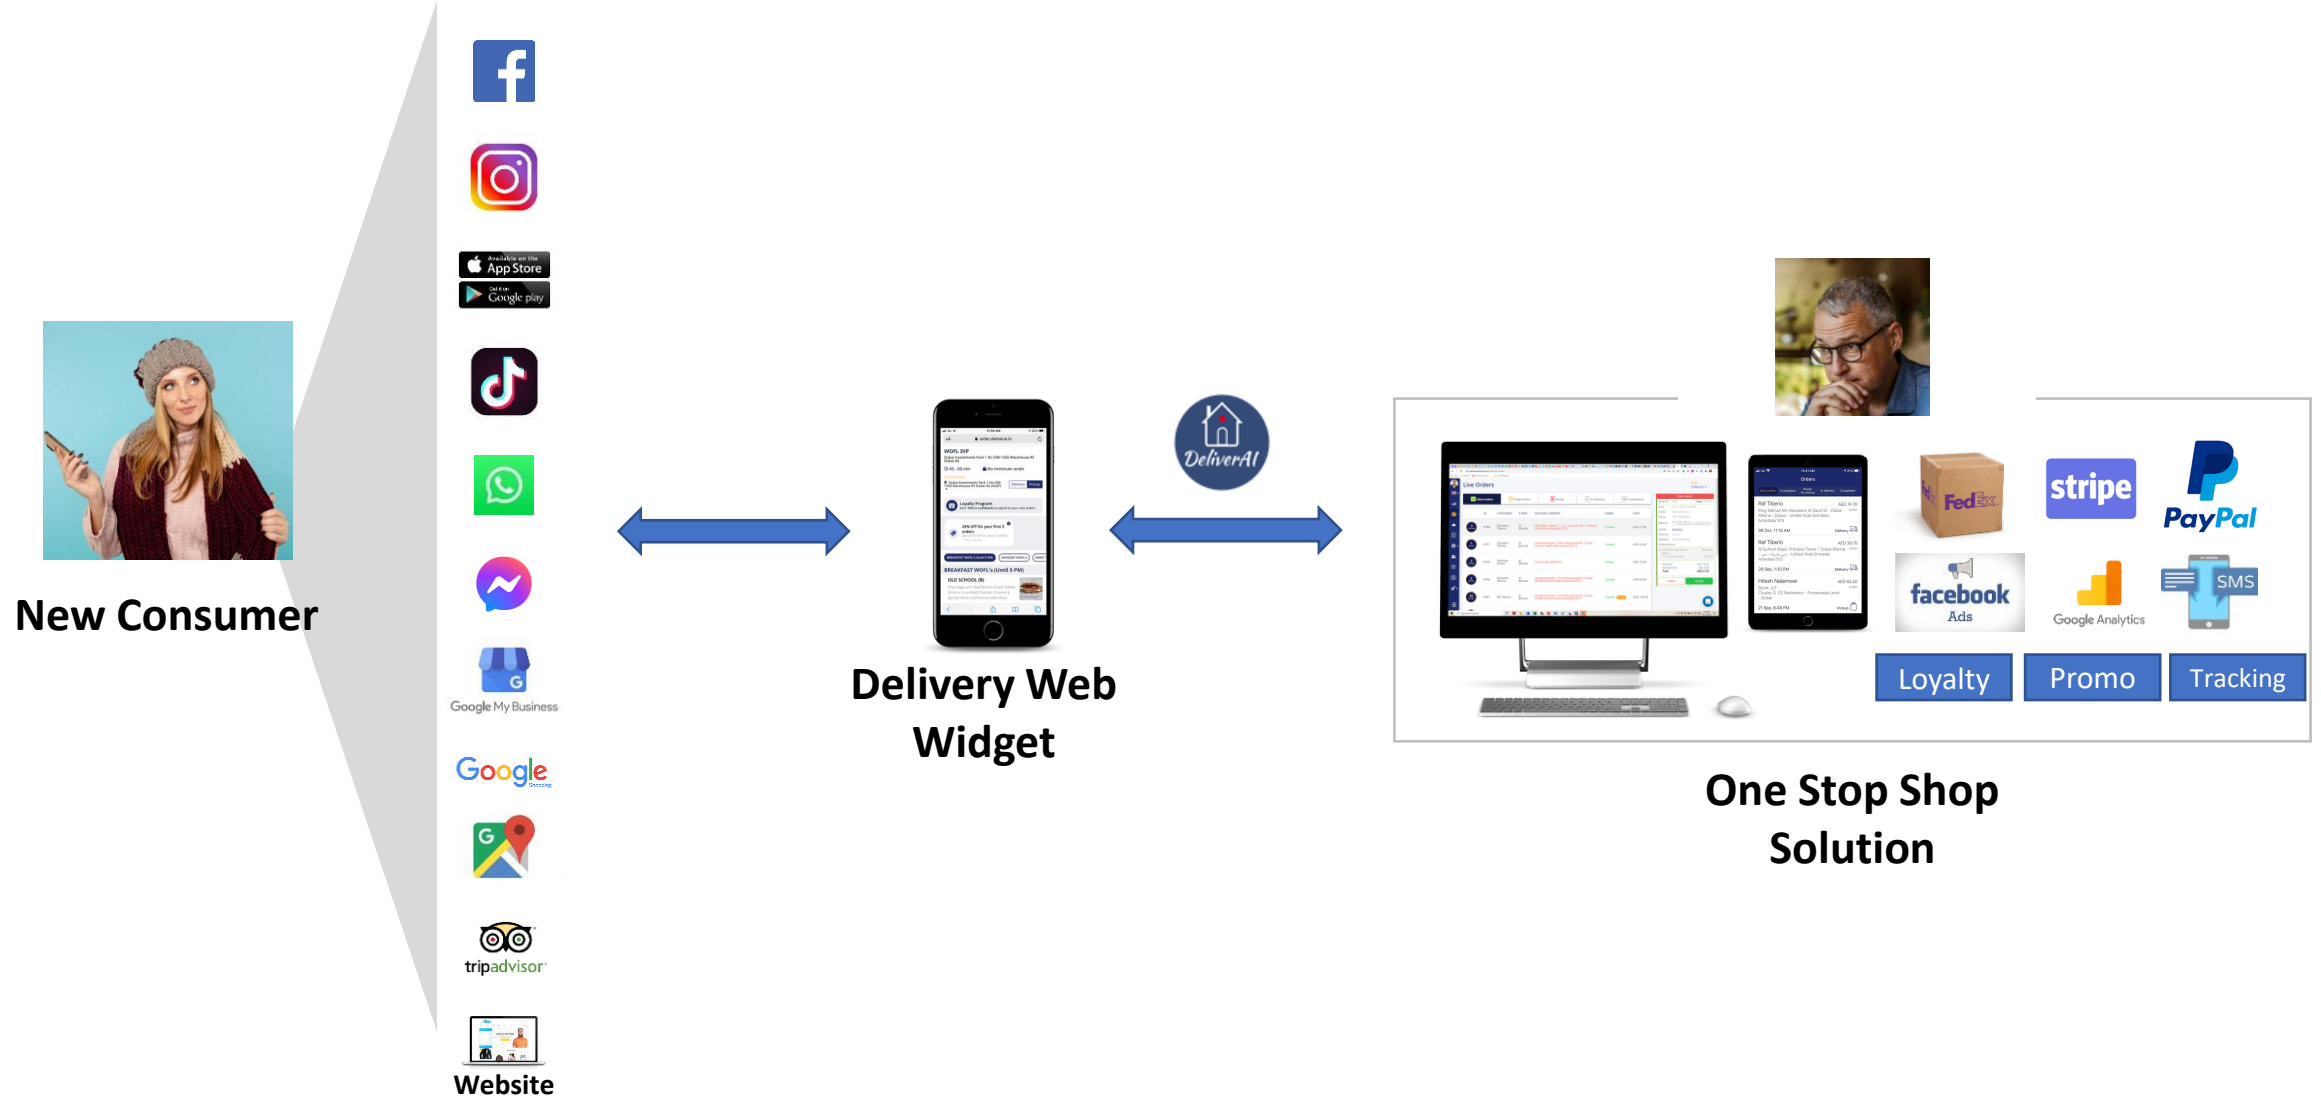

ALGUSTO  
italiano

**Problem | Integrating a traditional e-store with all the sales channel and services (payment, delivery, order tracking,..) is too difficult for SMEs and customers prefer using middlemen like Amazon or Deliveroo, to get their products**

# **Solution | DeliverAI help SMEs attract, sell, deliver and charm their customers by “integrating” all these services in one ready to use solution**

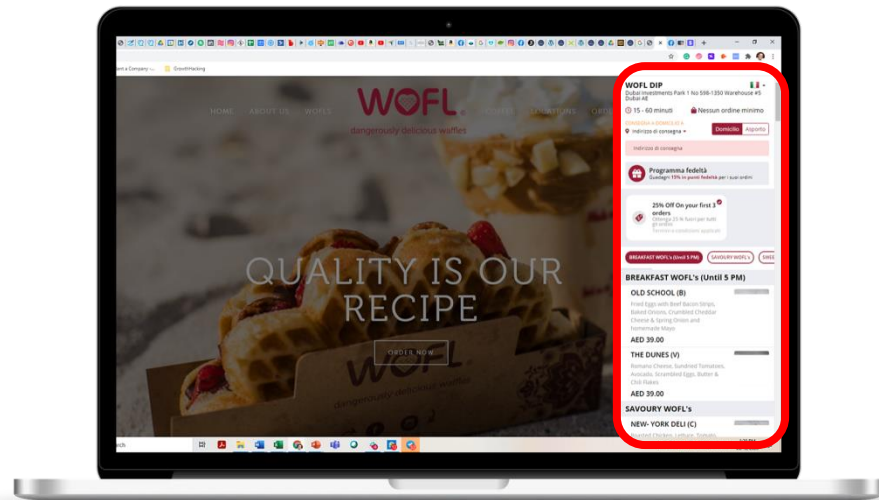

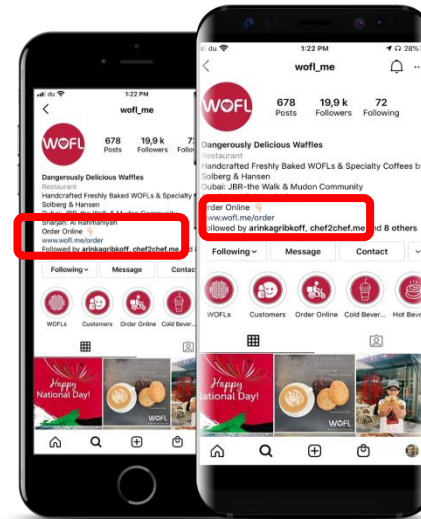

# HOW DOES IT WORK?

Customers and Hotel Guests can trigger the digital menu through different online channels (\*): any website, Facebook and Instagram pages, QR codes

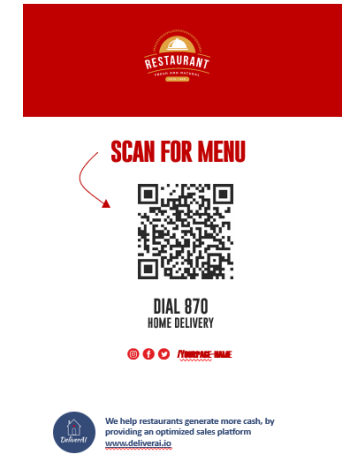

## Step 1 – Chose the channel

Website

Social

DeliverAI QR Code

(to enable table and in-room ordering)

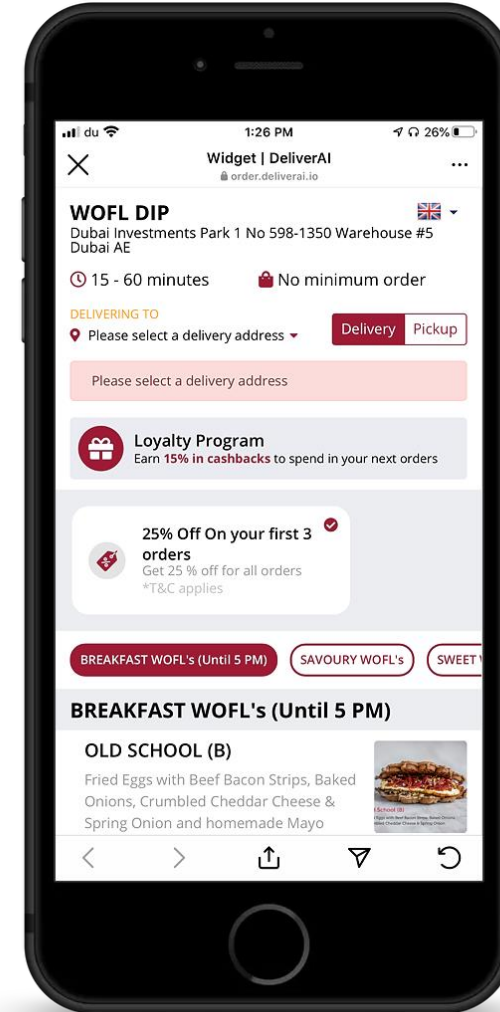

(\* ) DeliverAI connects the menu to your website and social, you do not have to worry about it.

# HOW DOES IT WORK?

The digital menu appears on the screen of any laptop and mobile: customers and guests can select their choices

## Step 2 – Visualize the menu

- The digital menu appears on his laptop or mobile
- The digital menu offers the full menu
- Guests and customers can select what he prefer

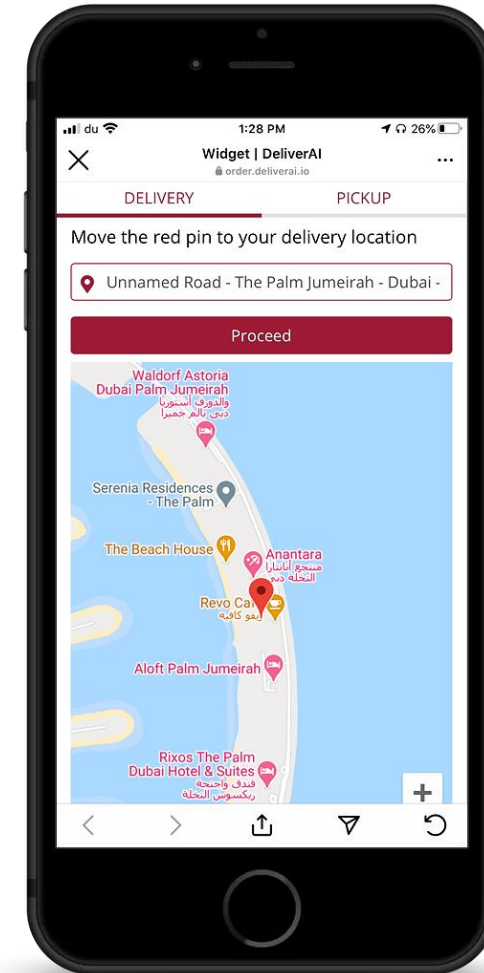

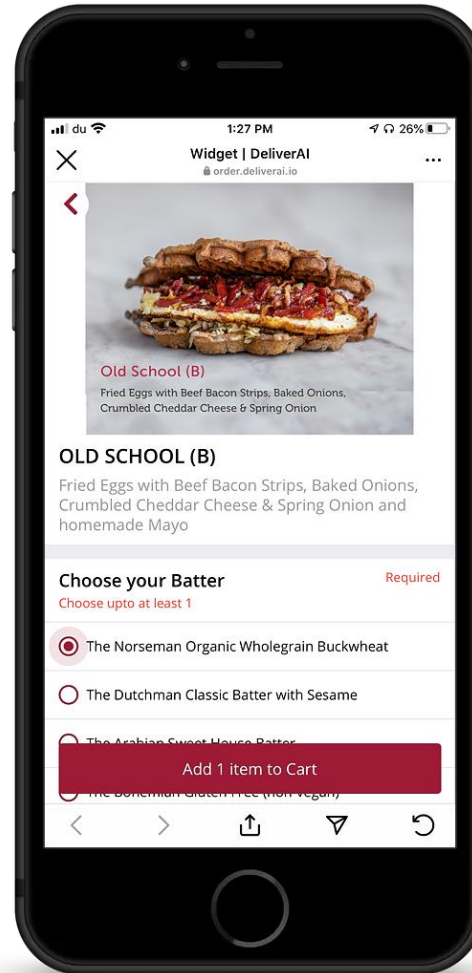

# HOW DOES IT WORK?

Completing the check out is simple and immediate, much more than on Amazon

## Step 3 – Choose product and Location (only for Delivery)

- Guests and customers customize their product
- They select their location (only for delivery)

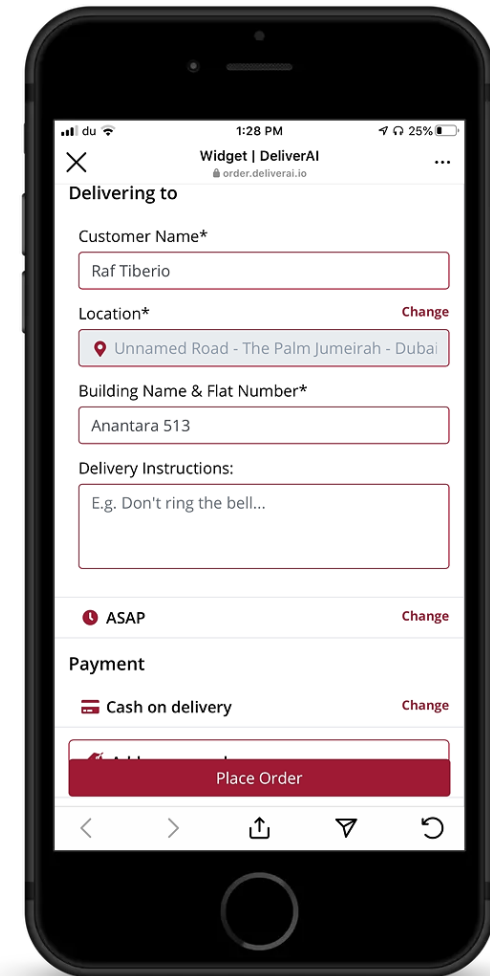

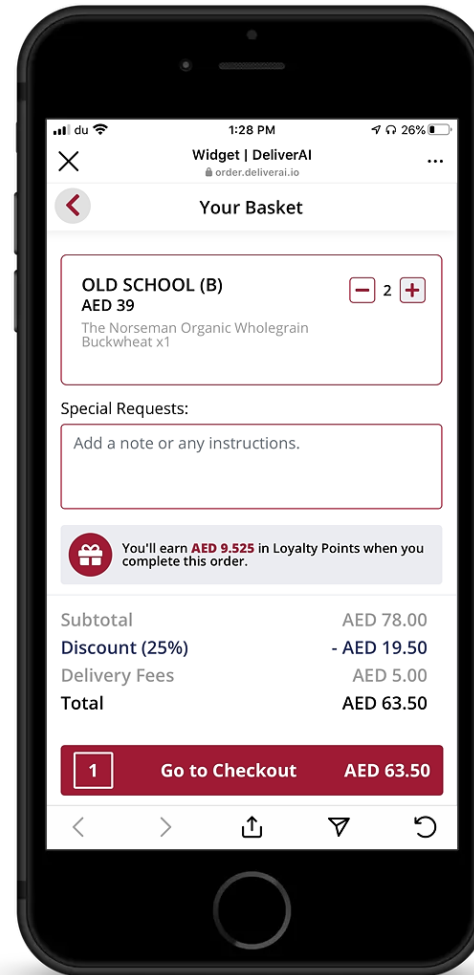

# HOW DOES IT WORK?

The F&B Outlet is confirming the order via sms or email: any customer can track the delivery on the map

## Step 4 – Order confirmation

- Order is confirmed, for checkout
- Customer control his info, and add payment details

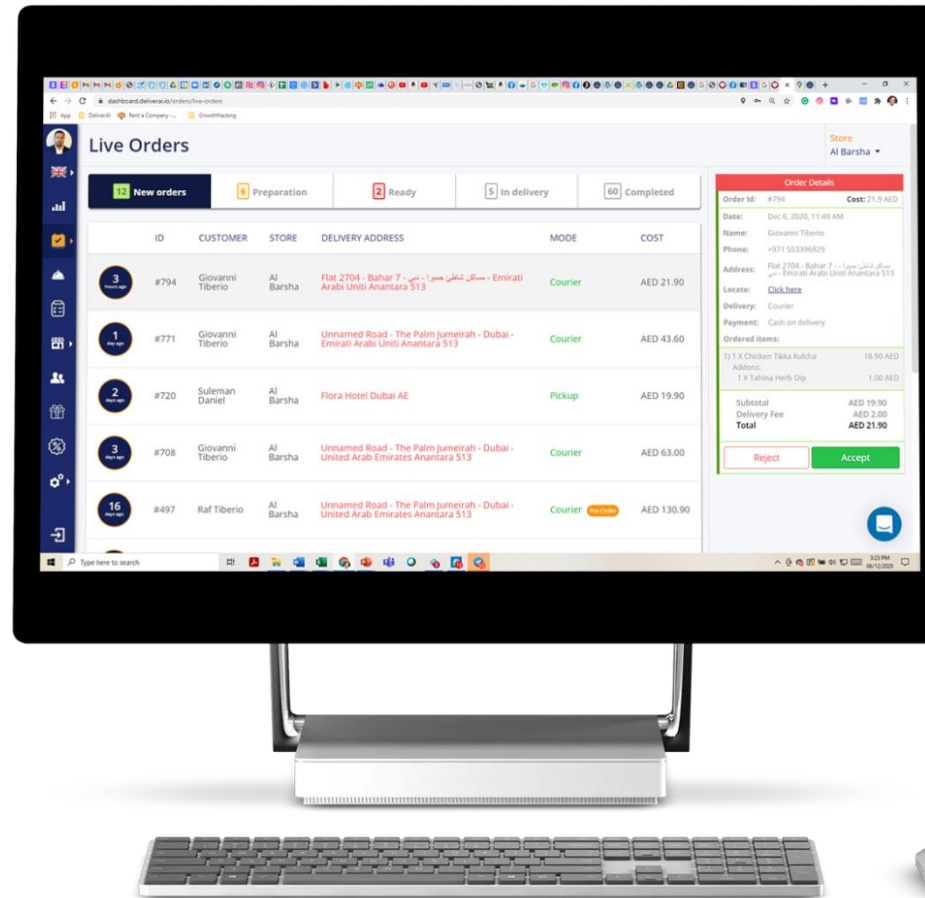

# HOW DOES IT WORK?

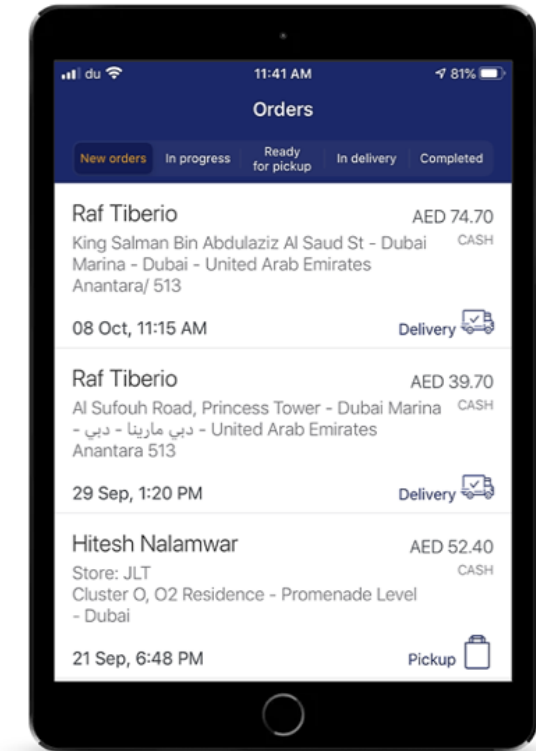

The F&B Outlet get notified on its own dashboard about the new order and can confirm when its ready for delivery

## Step 5 – Order Preparation

- The restaurant receives the order, accept and confirm timing
- The order can be assigned for internal delivery with drivers or with external partners (Quiqup)
- The order can be managed in the call center with the desktop dashboard or at the restaurant through the App (in the tablet)

Call Center/ Manager

Waiter

# HOW DOES IT WORK?

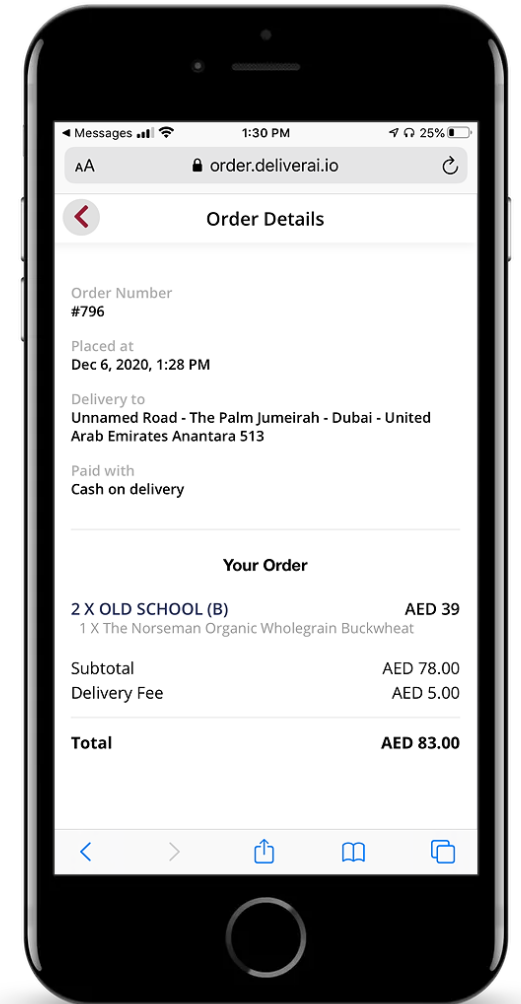

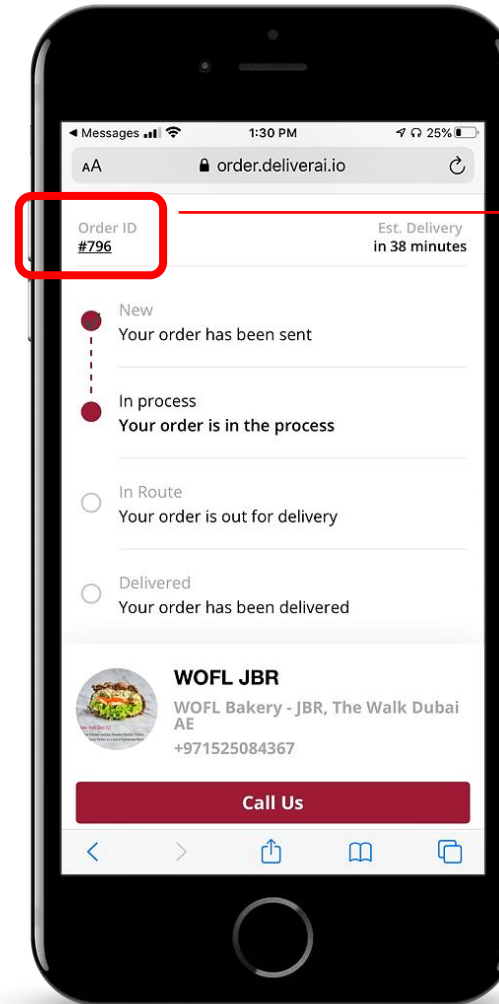

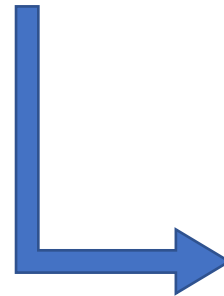

The F&B Outlet get notified on its own dashboard about the new order and can confirm when its ready for delivery

## Step 6 – Order Tracking & Delivery

- Customers and guests receive an SMS and can track in real time their orders

### SMS

Your order has been accepted.  
Track it here: <https://order.deliverai.io/wofl/order-tracking/APZsDWyeQT6r4QDZtuWD9w>
