

GO PAPERLESS WITH **MiracleTek**

- ★ Do you want a more productive business?
- ★ Do you want to improve staff output?
- ★ Do you want to use technology to gain efficiency?
- ★ Do your business functions rely on paper-based or electronic forms?
- ★ Do you want business insights and analytics from your data?
- ★ Do you want to be paperless?

If you answered **YES** then you are ready to transform your organisation.

MiracleTek has developed a solution to remove dependency on paper and help companies achieve enterprise efficiency!

The Miracle platform connects to backend (ERP) systems and allows data from forms to be retrieved and submitted. This means quality and timeliness of data improves and can be used for business intelligence and analytics.

The Miracle Studio enables business users to apply the drag and drop interface to build and transform paper-based or electronic forms.

If your business is buried in paper based forms and lengthy processes and enterprise efficiency is a goal, MiracleTek has the solution.

The MiracleTek mobile forms solution empowers staff, removes paper off the desk and increases productivity!
