

# Points-based Digital Corporate Wellbeing

We engage your employees, they fuel your business

Getting your employees to stay healthy, engaged and loyal to your organization is a huge costs-saving opportunity. Are you seeing results?

## What is LiveWell?

LiveWell allows your employees to engage and interact through daily curated platform content (challenges, blogs, social feeds, surveys). Employees get access to organized on-site events through the platform and earn points through participation. Points can be used to bid or purchase rewards on the platform which are delivered on-site.

Companies in the Philippines, USA and France use LiveWell to:

- ✓ Reduce attrition and absenteeism
- ✓ Increase employee satisfaction score
- ✓ Reduce health insurance utilization
- ✓ Improve overall communication

### Over 63% participation in the LiveWell program.

- The points allocation drives targeted participation.
- Relevant and updated content ensures consistent participation.
- On-site events, reinforces the tangible results.

### See continuous results, months after months.

### Minimum time and energy investment on your side.

- We get your employees interests and curate daily relevant content.
- Events, challenges, surveys are managed by your account manager.
- Receive weekly reports on the progress of your company.

### Implement your corporate wellness program in one day!

### One company – one culture.

- Communicate your culture both globally and locally.
- Azure let you scale your program to different geographies globally.
- Foster inter-departments and worksites communication and engagement.

### Boost your employee morale, fuel their productivity.

Before the LiveWell program, my site had 11% attrition and 9% absenteeism month over month. Today, we are in the ranges of 5%-6% on both absenteeism and attrition. Our employees are now engaged, we have 82.96% employee satisfaction rating in my site, and are now getting fantastic nation-wide results with our 18'000 employees in the Philippines.

- Lance Lumban, Sr. site director, VXI Global Solutions LLC
