confirming by nunsys

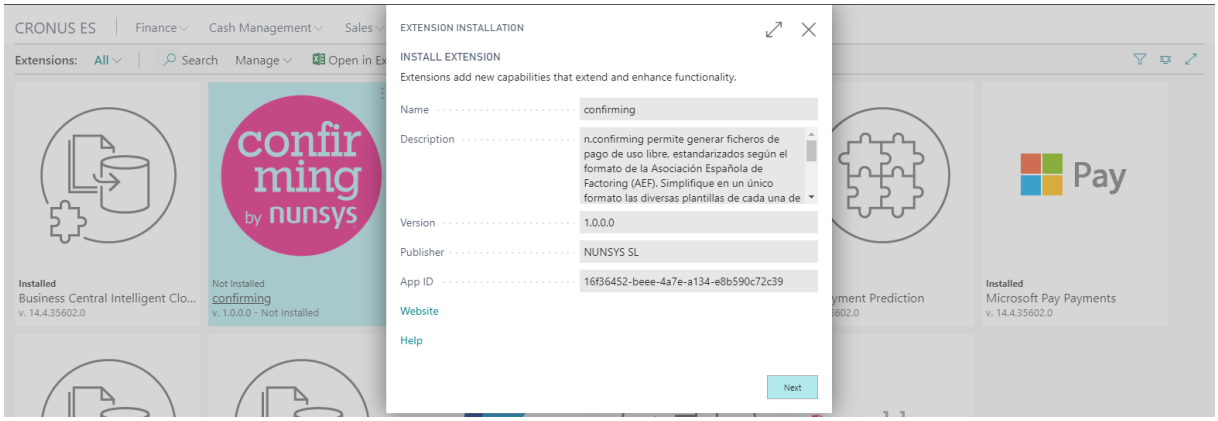

Installation sheet confirming

1. Install and setup

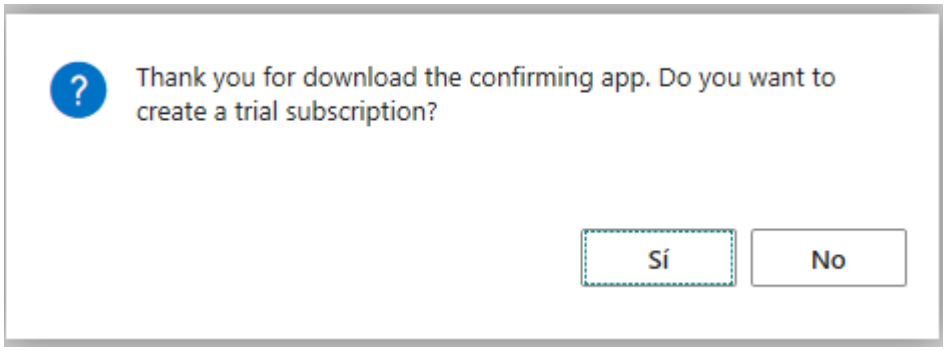

1. Get the extension from Marketplace pushing the Get it now button.
2. Access the Setup&Extensions menu in your Microsoft Dynamics 365 Business Central installation:

3. Search for the **confirming by Nunsys** application..
4. Selecting the Nunsys application will show the installation wizard.

5. You are ready to install the app. Once installed, you must create a trial subscription. When open Business Central or extension's pages appears a message. Select yes to create a trial subscription

6. from the Assisted Configuration menu you can in a few minutes export your payment orders as confirming files.

For more information, see our OPERATION GUIDE.
You can also find support in our web page: https://www.nunsys.com/contact/

2. Uninstall

To uninstall the application, access the same menu as in previous point and select “Uninstall”.
