

Accelerate to Cloud - SAP

Leverage HPE expertise with cloud transformation

The HPE Accelerator Workshops for Cloud – SAP service leverages our experience through hundreds of successful enterprise cloud transformation engagements

What is HPE Accelerator Workshops for Cloud – SAP (2 day)?

Every client’s journey to cloud is different. Whether you are just starting out or well along the path to cloud transformation, the workshops can help identify your best next-step and provide best practices. The SAP workshop, conducted over 2 days, is built to your needs and covers SAP topics such as Azure migration readiness and planning, as well as digital transformation specifics such as cloud strategy, infrastructure, and security as they relate to SAP on Azure.

Why customers use HPE Accelerator Workshops for Cloud – SAP

In 2 days, a workshop can provide the client with:

- Documented recommendations for your SAP migration to Azure as well as next steps for your Digital Transformation
- An understanding of specific SAP and Cloud strategies and technologies, and guidelines for their successful implementation.

SAP Topics
