# Goods & services are getting more expensive due to transaction costs

35%+ of Cost of a Product/Service<sup>1</sup>  
**or \$29T Globally Annually**

<sup>1</sup> Cost of Trust: Pilot Study Davidson, Novak, and Potts 2018

# Connect all business tools & applications for a holistic view of your business

*Agnostic, Scalable and Global*

# Connect seamlessly with customers and suppliers on Luca+ network

# Transacting with Suppliers

## Find suppliers listed on the Luca+ network

- + Save time and cost finding the right suppliers with the most suitable goods/services at the most suitable prices and in the right time frames for your specific business needs
- + Review, rate and compare suppliers based on feedback from other customers on the network

## e-Invoicing

- + Save up to 10 hours per week on manual bookkeeping
- + No human errors due to automation
- + No fraudulent invoices as it comes direct from supplier's invoicing platform
- + Avoid late fees from lost or forgotten invoices

## Finance your purchase

- + Resolve cashflow issues with credit/payment plan
- + Faster credit approvals
- + Lower interest rates and fees for eligible businesses

# Transacting with Customers

## List your business on the Luca+ network

- + Let customers find you easily and faster
- + Build your business reputation with reviews and ratings from customers feedback

## Minimise bad debt with credit check

- + Ensure your customers are creditworthy and have the ability to pay on time

## e-Invoicing

- + Get paid faster – 32% reduction in payment times
- + Less errors as invoices are automated
- + Live tracking of invoice status

## Invoice financing/factoring

- + Resolve cashflow issues with credit/payment plan
- + Faster credit approvals
- + Lower interest rates and fees for eligible businesses

# Less administration work so you can focus on growing your business

## Transaction adjustment report

- + Save time with automatic tracking and summary of any changes to past transactions
- + Quick summary of GST discrepancies based on adjustments to any past transactions

## Audit trail

- + Track every stage of a transaction (e.g. send, receive, pay, reconcile) on demand
- + Proof of transaction stored on blockchain for data integrity and immutability
- + Save time and cost as no verification from a third party is required (e.g. banks charge \$50 per transaction)

## Auto reconciliation

- + Save time with auto reconciliation of invoices and bank payments

# For a limited time, we are offering new businesses Premium access free for life
