

# Smart Warehouse Management App

VLC Smart Warehouse Management App for Microsoft Dynamics 365 Business Central allows the Warehouse personnel to perform all the Warehouse Activities on the go without having to go to the workstation there by increasing the productivity and efficiency.

Together with the barcode management, it increases the accuracy of warehouse activities as the manual user entries are eliminated. The users will be able to scan the Document / Item / Bin Barcodes and complete all the tasks from Receipts to Shipments with few scans.

Following are some of the highlights of VLC Smart Warehouse Management,

1. Customized profiles can be created for each user based on their Roles in the Warehouse.

2. Includes all the Warehouse Management functionalities Receipts, Put-Aways, Movements, Picks, Shipments and Physical Inventory.

3. Inventory details and Bin Contents are accessible from the Warehouse Activities screens
