SE16N

Company & Services Overview

SE16N

Who we are

SE16N Group is created by **architects, engineers, and developers**, who combine their passion, professional qualifications and long-standing experience to create unique solutions in the field of advanced IT.

Our primary goal is to provide **superior quality services on the European market**. We can achieve this objective thanks to our narrow specialization and focusing on SAP technology & migration to the cloud.

We support our clients and partners in three main areas:

- SAP projects

- Infrastructure optimization and migration to the cloud

- Monitoring, support, and maintenance of SAP systems

SE16N

Creating technology
for mutual connections.

Our way of working
