

MANUFACTURO eWorkin

Do more by going paperless

What is Manufacturo eWorkin?

All that your workforce needs at their fingertips

Manufacturo eWorkin keeps factories moving smartly; your team is empowered by relevant info, they know what to do next, and how to do it.

While in the background, Manufacturo eWorkin collects rich data for analysis and process improvement.

Designed to work for you

Manufacturo eWorkin was designed along side our clients to streamline workflows, automate processes, and leverage the technology in mobile devices.

Configure it yourself

You yourself can easily configure Manufacturo eWorkin to match your specific needs, because it was designed to be flexible and simple to use.
