

Emumba Azure Data Pipelines - 3 days Assessment Offer Details

The terms of the Azure Data Pipelines - 3 days Assessment are as follows:

1. This engagement includes a maximum of 10 hours of customer engagement. The hours can be utilized over the course of 2 weeks from the start of the engagement.
2. The 10 hours of customer engagement will include:
 - a. A briefing on Azure Data Pipelines
 - b. Customer requirements gathering exercises
 - c. Presentation of the technical proposal
 - d. Meetings to discuss follow-up questions that the customer or the Emumba technical experts may have
3. Outside of the customer engagement, our team of technical solution architects will assess the information provided by the customer and prepare their Technical Proposal.
4. The customer is required to respond to any email correspondences within 2 business days to ensure the timely completion of this offer.
5. Delivery and presentation of the Technical Proposal will mark the successful completion of this free assessment offer.
6. Emumba reserves the right to refuse this free offer, potentially based on the availability of resources and Emumba's business needs.

Notwithstanding anything in this Agreement to the contrary, Emumba shall stand excluded from any and all liability that results from any action/omission of the customer, or any third party, based on the advice provided by Emumba, and/or the Technical Proposal delivered to the customer.
