ENGAGEMENT DETAILS

10th Magnitude architects and engineers deliver a broad assessment and analysis of your organization's systems and applications to provide powerful insights and inform your journey to the cloud, including detailed 10vū™ dashboards that support planning, budgeting, design, and migration.

PHASE 1	PHASE 2	PHASE 3
Evaluation	**Data Collection**	**Assessment Delivery**
Conduct a readiness review, determine organizational objectives, define scope, and establish your migration assessment approach.	Broad data collection powered by Movere and 10vū™ to compile data about your existing data center investments, workloads and applications.	Gain insight to inform your migration journey, including workload prioritization, identification of migration candidates and a detailed 10vū™ dashboard.
