Strategize & Plan your Azure Cloud Journey with Invero.

Our **Windows Virtual Desktop (WVD) Enablement** sets your organization up for a modern approach to delivering Windows 10 multi-session to your users from the Cloud.

The solution combines on-site workshops with analysis of your current virtual desktop requirements in order to develop a comprehensive governance model and rapidly implement a pilot to begin testing and operationalizing your new VDI environment.

Solution Deliverables

Driving Digital Performance.

The Windows Virtual Desktop (WVD) Enablement solution results in an operational Pilot that will accelerate your WVD goals. The solution includes:

⚡ WVD Workshop

A remote Teams recorded workshop around WVD. The workshop will educate participants on how WVD works and will do a deeper dive into the customer's environment.

⚡ Alignment of WVD Pilot to your governance

WVD will be setup in accordance with the customers Azure Governance and operational strategy.

⚡ A WVD Pilot Deployment

A scalable WVD Proof of Concept environment will be setup in the customers subscription which will allow the customer to familiarize themselves with the WVD concepts and management features.

⚡ WVD Operationalization

WVD operations training will take place to ensure that the customer's team has the WVD skills readiness to be able to support scaling, security and other WVD operational tasks.

⚡ Training, coaching and support

Invero will provide WVD commissioning and operational support training of your WVD environment.

Our Process
A proven formula.

Step 1: WVD Project Kickoff
Our Azure Consultants and Microsoft Specialists outline the engagement goals, timeline and roles and responsibilities

Step 2: WVD technical Workshop
A WVD deep dive delivered through a recorded Teams meeting to outline product features, capabilities.

Step 3: WVD Organizational Alignment
Stakeholder Interviews and a collaborative workshop, to define business motivations, use cases, value articulation and where WVD can accelerate your application delivery.

Step 4: WVD Pilot and Operationalization Training
Creation of a secure WVD pilot in the customers environment, along with setup and management training.

Step 5: Ongoing Training, Coaching and Support
We are here to support you for any WVD questions you may have.
