Passport 360
Compliance process automation platform

ABOUT PASSPORT 360:

Passport 360 consolidates critical risk management data and automates processes to give you a simple way to manage critical compliance processes effectively.

WHAT WE OFFER

Passport 360 collates critical compliance data across HR, Safety and Supply Chain systems to provide a holistic view of contractors and employees. Allowing for simple risk management by exception.

Passport 360 is an Enterprise SaaS using the latest Azure technologies such as Azure Function App, AI incl. Azure Cognitive Search, TensorFlow and Blob services, we also make use of Power BI Embedded for advanced analytics within the system

We create a decoupled record that moves with the contractor/employee. Allowing the contractor to be responsible for their own compliance. Advanced analytics gives client insights into data never seen before, allowing clients to proactively manage risk indicators and improve productivity.

Seamlessly integrate with Microsoft Applications such as Office 365, Teams, Power BI, Flow and outlook
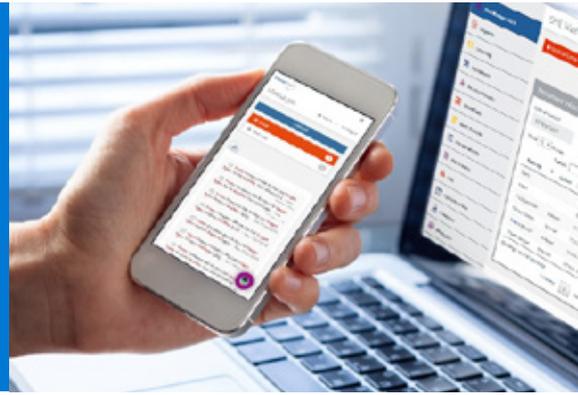

WHAT OUR CUSTOMERS ARE SAYING

"Passport 360 allows us to manage our safety compliance seamlessly and by exception"

Marié Brits ROSProf, Pr. CHSA SHE Manager, Anglo American

Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.

Why Azure

BE FUTURE-READY

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data science tools.

BUILD ON YOUR TERMS

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

OPERATE HYBRID SEAMLESSLY

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single identity platform trusted by 90% of enterprises globally.

TRUST YOUR CLOUD

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a $1B+ investment in security R&D and 3,500 cyber security experts, security is foundational for Azure.
