THE CLOUD
IS IN OUR DNA

Who are we

Colibri Digital is a technology consultancy company founded in 2013 by experienced technologists, passionate about leveraging the power of the cloud, to unlock the value in the vast quantities of data businesses collected each day.

We work to help clients navigate the rapidly changing and complex world of emerging technologies, with deep expertise in areas such as big data, data science, machine learning, and cloud computing. Over the past few years, we have been fortunate to work with some of the world's largest and most prestigious companies, including tier 1 investment banks, a leading management consultancy group, and one of the world's most popular soft drink companies, helping each of them make better sense of their data resulting in actionable business intelligence and value.

CLOUD COMPUTING	BIG DATA	ARTIFICIAL INTELLIGENCE
Industry recognised leaders with experience building and migrating applications on all major cloud platforms.	Extensive work across a range of industries with a multitude of open source and licensed big data tools and strategies.	Internationally recognised thought leaders including a variety of published research across the data science sphere.

Why COLIBRI?

By combining broad industrial experience with globally recognised thought leadership, Colibri Digital is uniquely positioned to help you embrace the power of modern technology, to drive business success.

By positioning ourselves at the intersection of three key pillars: **Cloud Computing, Big Data & Artificial Intelligence**, together we can help you unlock the value of your data and applications.

We leverage our extensive experience with a range of latest tools and techniques following the industry best practices.

We have a proven track record of helping businesses small and large, accelerate their technology goals by building or moving parts of their application catalogue to the cloud.
We partner with all major public cloud vendors in order to ensure we can help you deliver a solution that's aligned to your organization's strategic objectives.
