

Project time tracking for Office 365.

Product Presentation

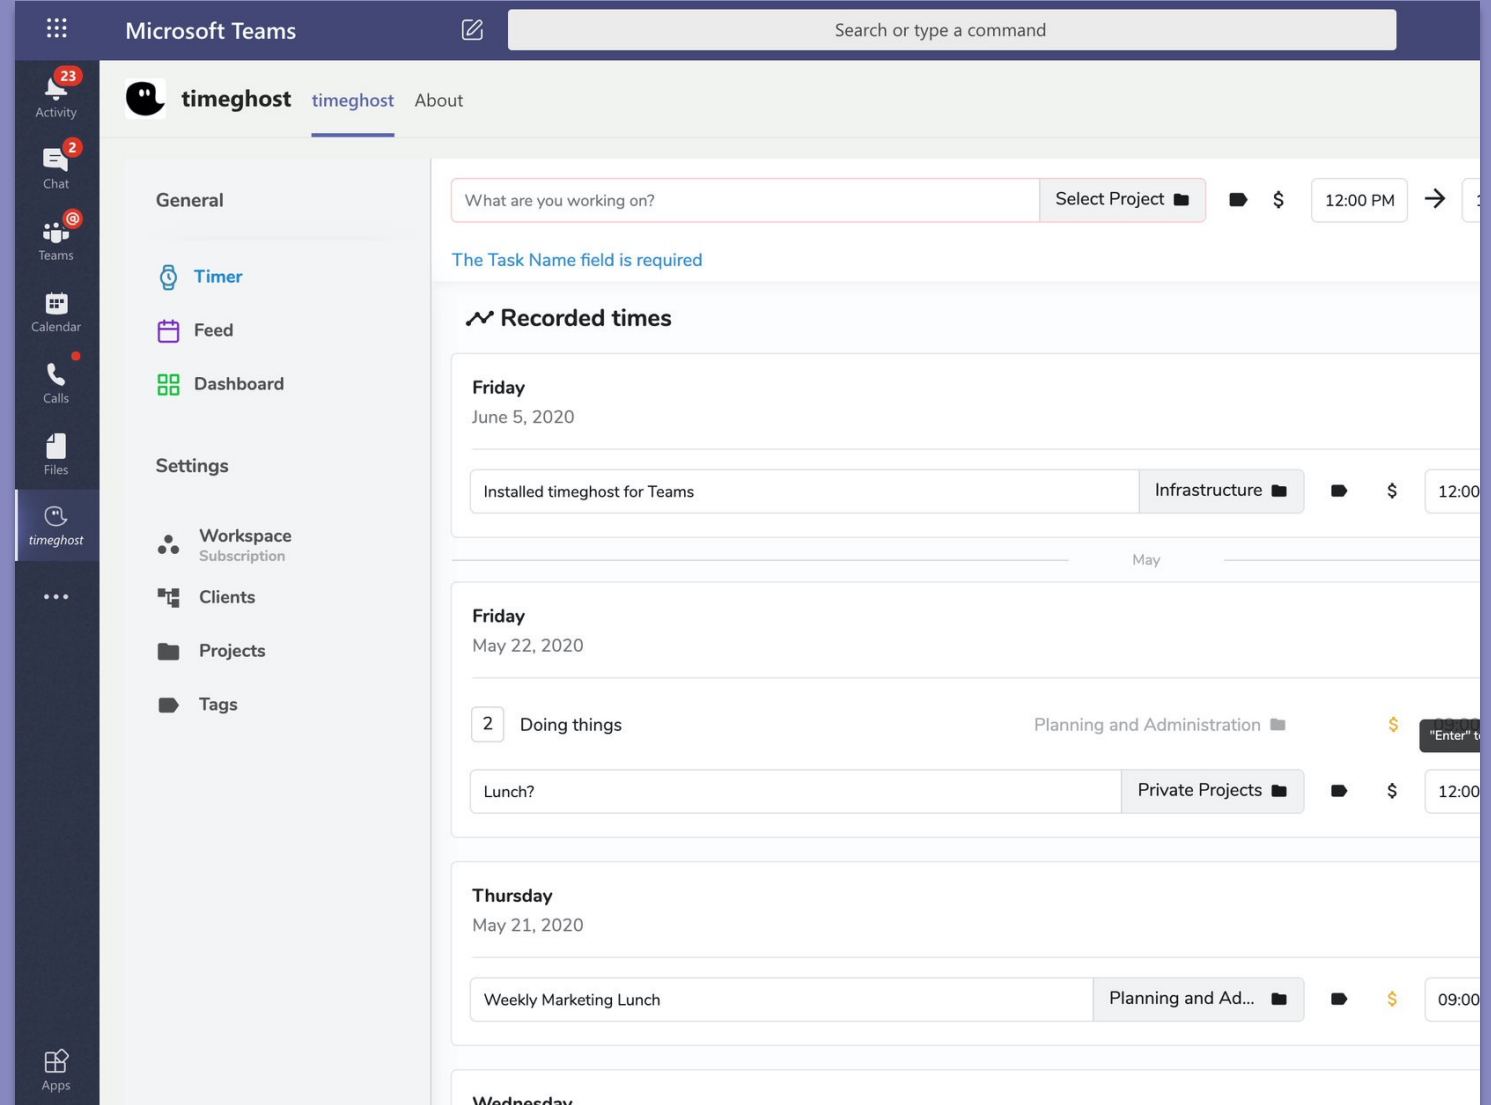

Specifically designed for Office 365...

- Single sign on with your Office 365 account
- Graph API integration
- Microsoft Power Automate connector for maximum workflow integration
- Microsoft Teams App

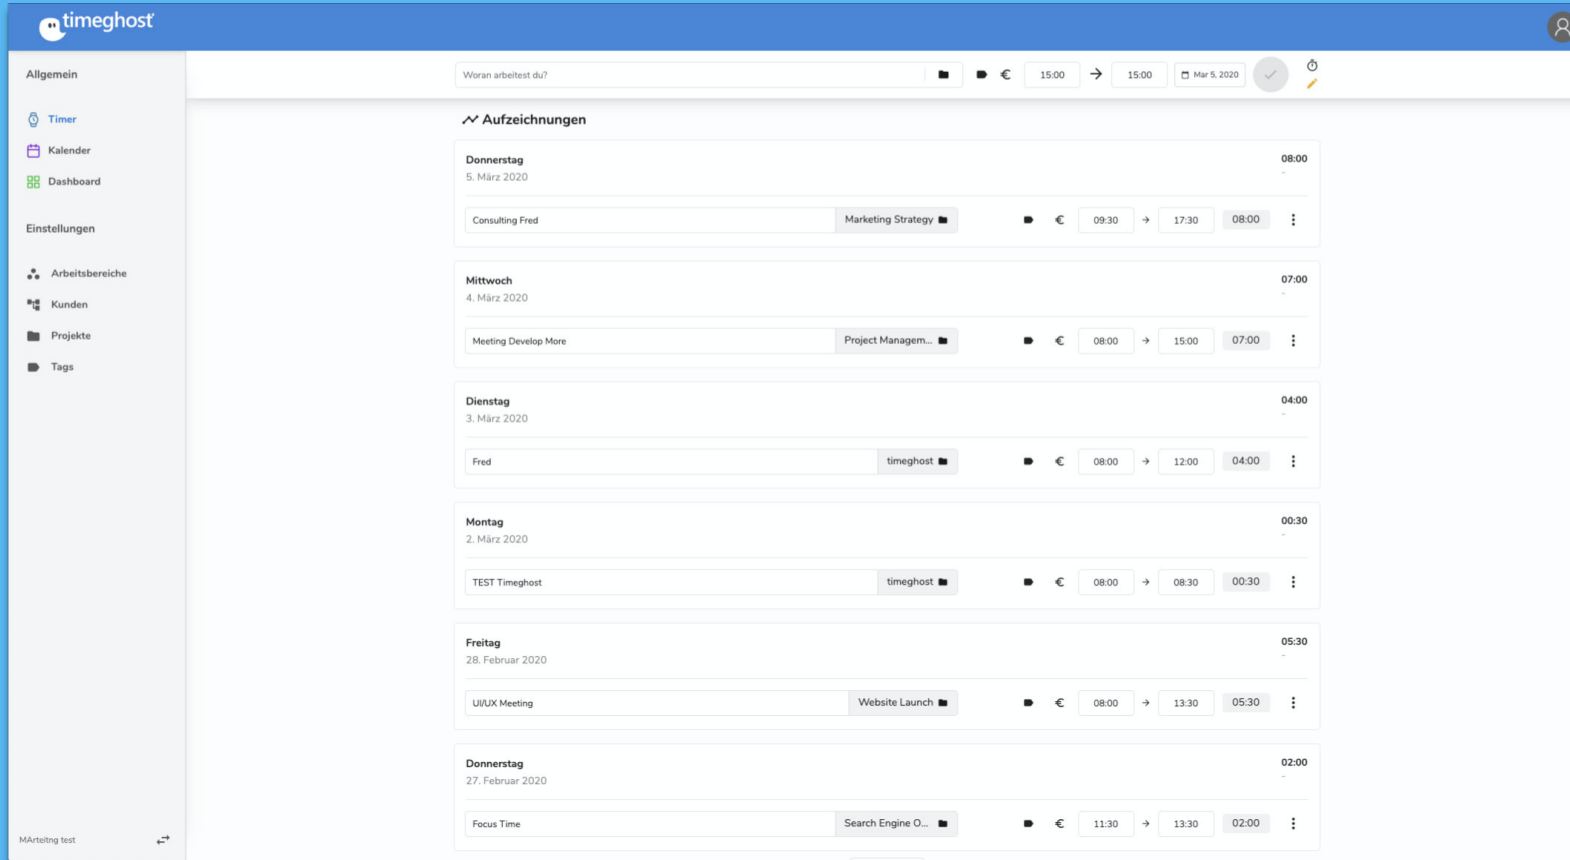

Work directly in Microsoft Teams

Install timeghost directly in Microsoft Teams and place it right in the middle of your activities, chats and conversations of your virtual workplace.

Your time tracking solution for Office 365 ...

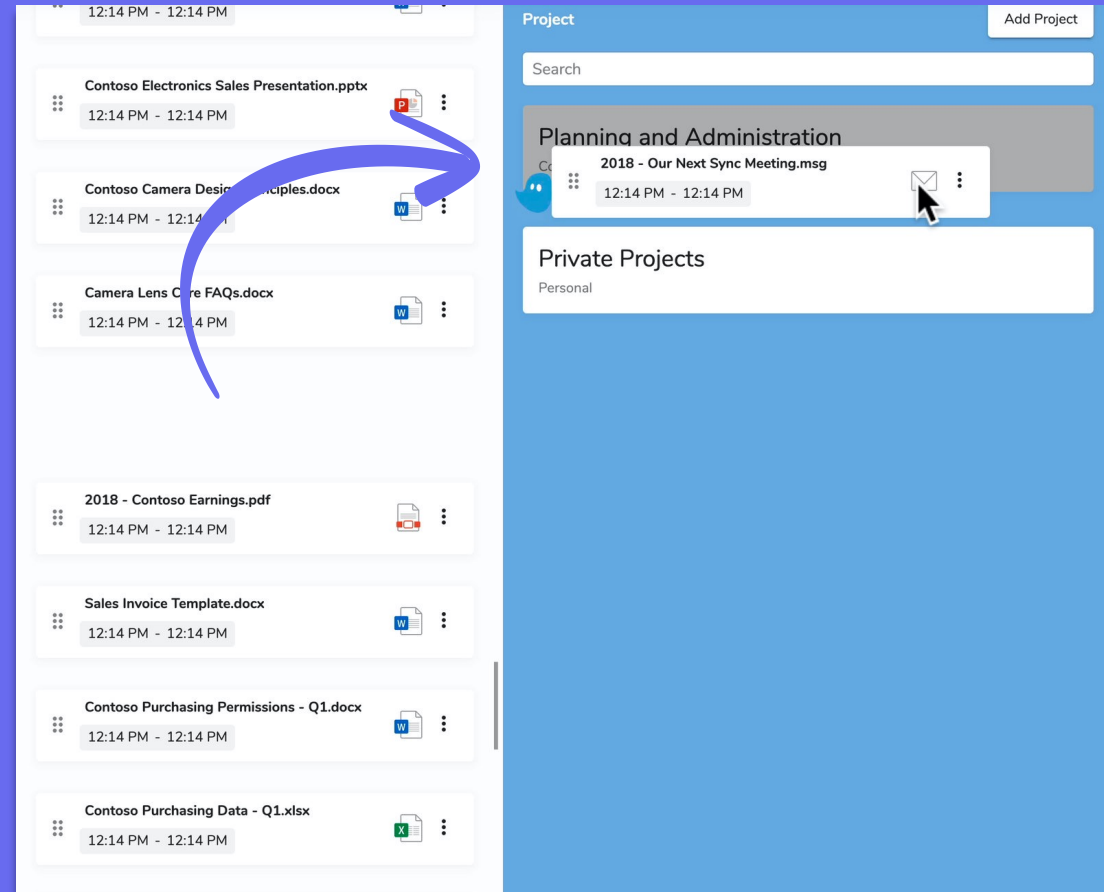

- Timer
- Calendar
- Dashboard
- Reports

All in your
browser

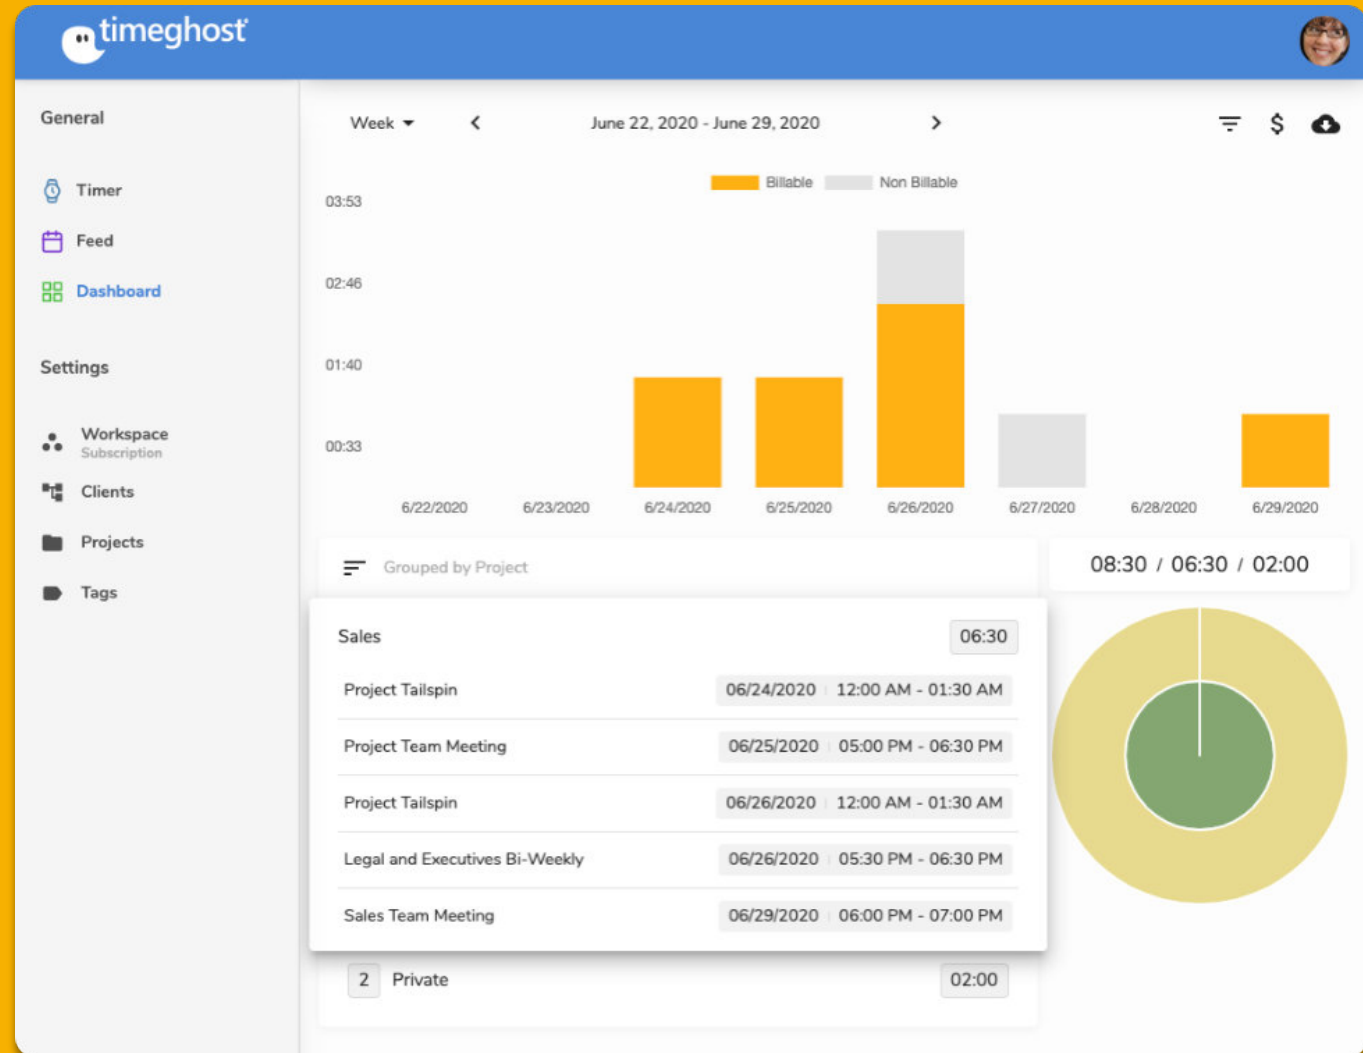

Record right from the Feed

Perfectly integrated into Office 365, simply drag and drop appointments from your Outlook calendar on the matching projects. Done!

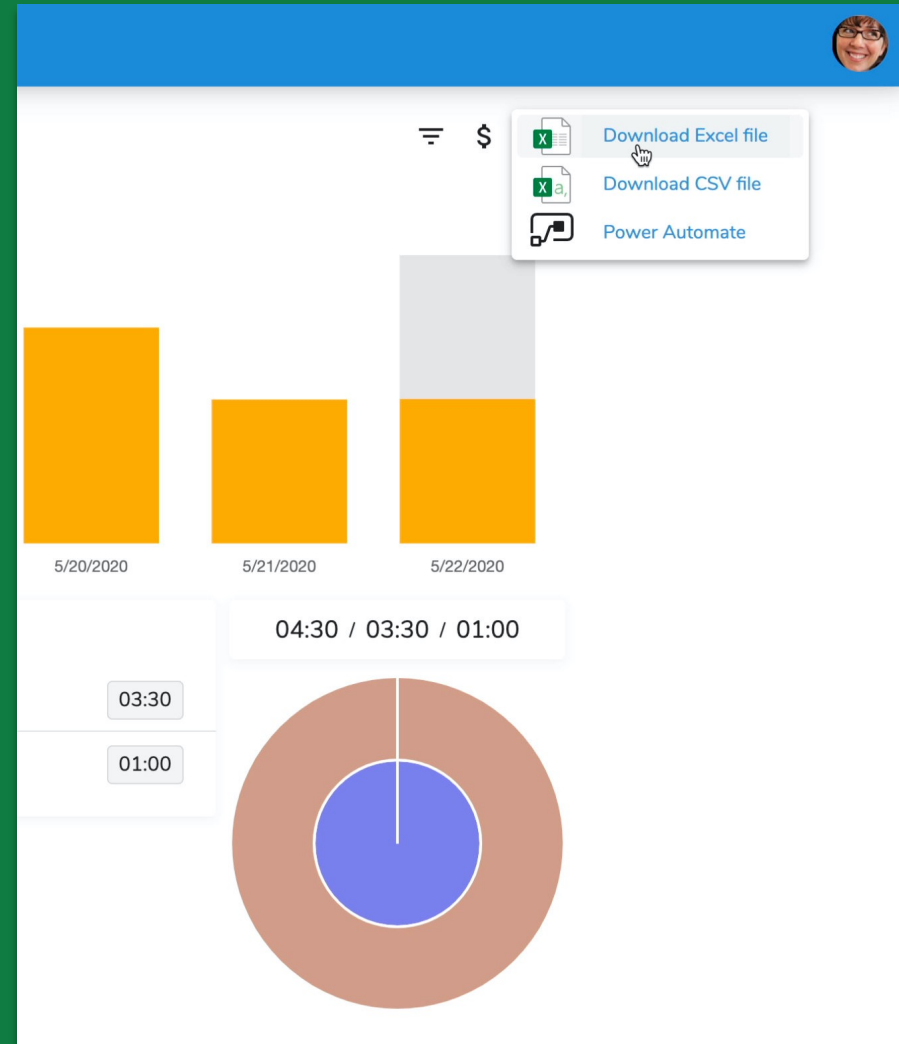

Get useful insights about how you spent your working hours ...

Benefit from diverse output

Use the dashboard for project overviews and predefined templates for time reports, invoices and other documents. Define and personalize further with Microsoft Automate Now (Flow).
