Our Clients

Clients Testimonials

“ Team Cynotek is professional, efficient, and extremely helpful. They all are very proficient in Dynamics CRM and have help guided our firm for the last year. Each of the team members at Cynotek that we have interacted with are a real team player.. ”

Cindy Wyly
Marketing Manager – MGO, LLP

“ We are very thankful for the exceptionally high service level that your team offered and the results that it delivered. The Dynamics NAV system plays a very significant role in our expansion plans and is absolutely crucial to improve our operational efficiency... ”

Daniel Binder
Founder - Superlative Foods

“ The Cynotek team has been great to work since we started more than a year ago. Their work on the project has made a significant difference to daily operations of our business and has made things more efficient and profitable. I've been delighted with their innovative approach.... ”

Charles Byrd
President – IntelliStructures, Inc.

Service Delivery – Project Management

Planning

- **Milestones** to be defined and tracked. Team to identify and document scope of Release
- **Effort estimation** — estimating the probable duration of individually schedulable tasks and activities

Control

- **Bug Tracking, code versioning and task management** using a validated Project Management Tools.
- **Quality:** Make sure the quality objectives are met throughout the project

Communicate

- **Timesheets:** Maintain and share weekly work timesheets with client team
- **Organization & Communications :** Daily reporting on progress via mail, Zoho and weekly meetings on overall status.

Execute

- **Team Management:** Determine roles and responsibilities of the project team
- **Risk Management:** Identify risks, assess impact and identify appropriate risk mitigation plan.
