

365 Advanced ***SII***

Benefit from incorporating to the standard functionality of the Immediate Supply of Information (ISI or SII in Spanish) in Dynamics 365 Finance ***new functionalities not included*** and highly demanded by customers.

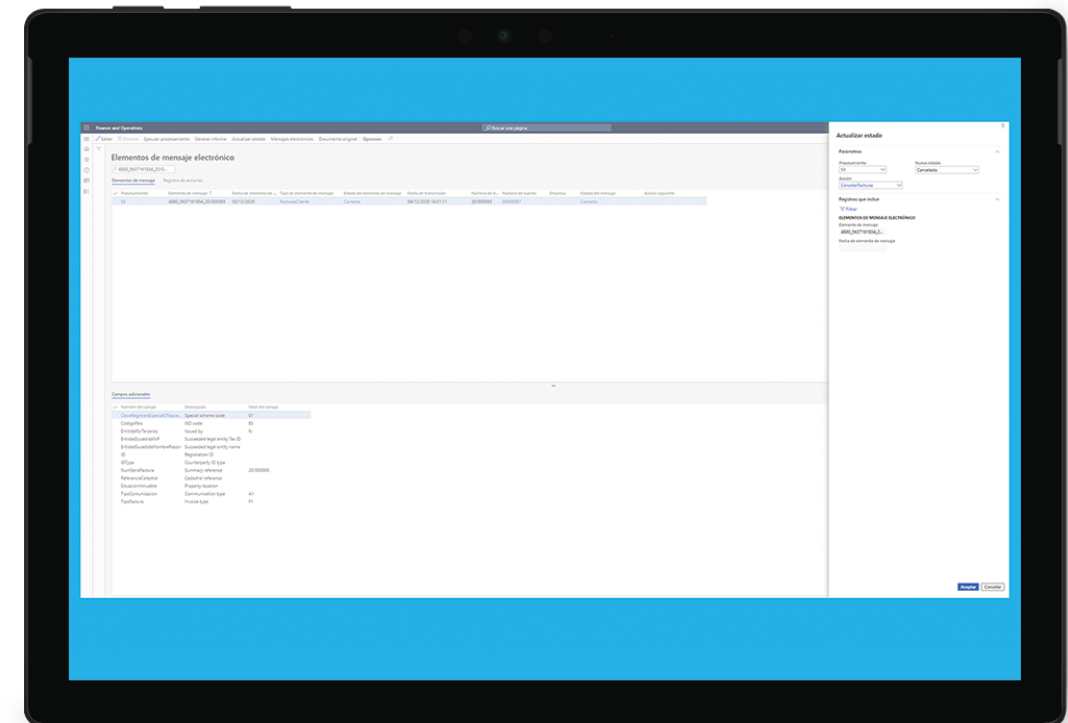

Report the Cadastral Reference of your real estate

Provide the information required by the Tax Agency related to your **leases not subject to withholding**, informing about the situation of the property and its cadastral reference in a simple way.

Eliminate invoices sent by mistake

Recover the invoices that have been sent by mistake to the Tax Agency, in such a way that they **can be canceled** for a later shipment with the pertinent corrections.
