

WINDOWS VIRTUAL DESKTOP

“PROOF OF VALUE”

**<£4 PER DESKTOP / MONTH
DEPLOYED IN 5 DAYS**

Enterprise grade, secure by design and the only Cloud VDI that delivers simplified management of single and multi-session Windows 10 desktops that is natively optimised for Office 365 apps that also fully supports legacy Remote Desktop Services (RDS).

PRODUCTION READY

“PROOF OF VALUE”

Everything you need to get started with Windows Virtual Desktop in just a few days

Setup up of WVD as a Greenfield deployment into a new environment to allow you to put WVD to the test.

Comprehensive walk-through of the configuration, use case and ROI, high-level administrative training and answers to any technical and commercial based questions you have.

Finally, we help you with the next steps – from as-built reports, step-by-step guides, licensing and support to full design, deployment and migration services to continue your WVD journey.

CLOUD READY, GLOBAL REACH

Our WVD Essentials provides a fully working environment which helps you become familiar with WVD and understand the benefits it can provide your users.

Start your journey today with the secure and on-demand VDI delivered from Azure.

SAVE TIME, SAVE COST

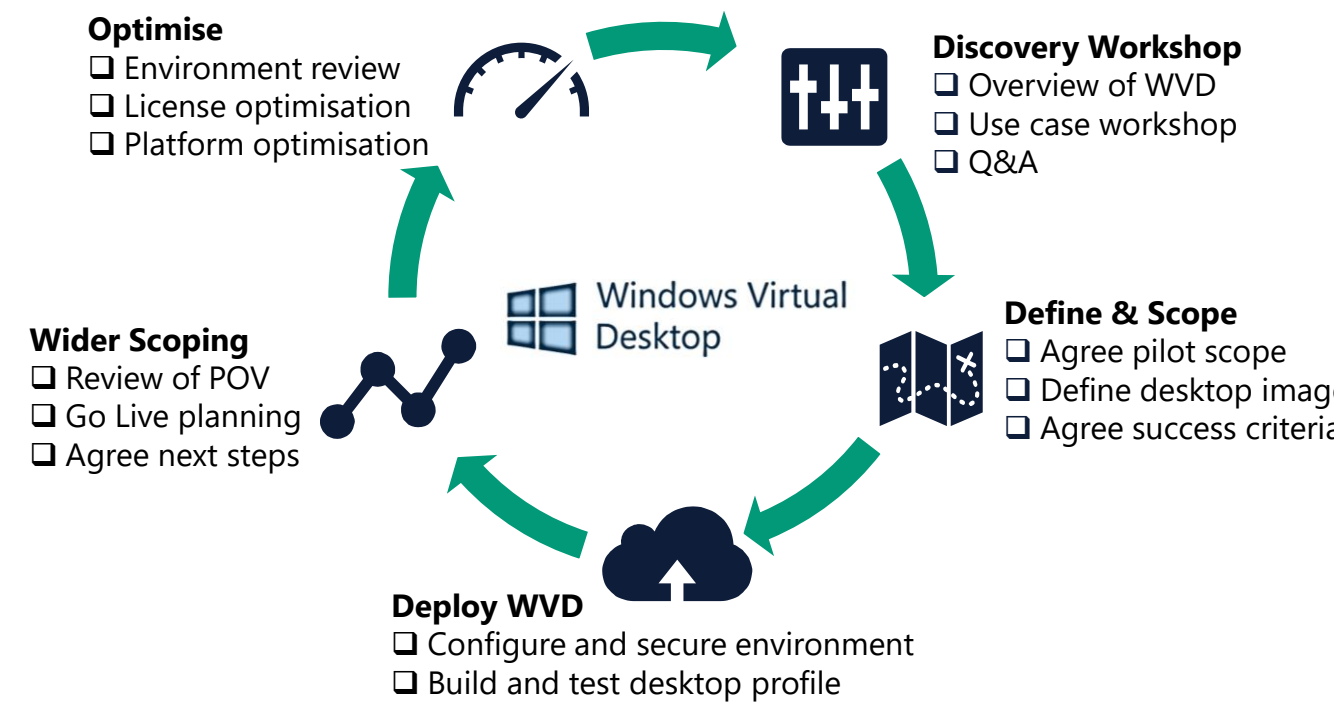

WVD is powered by Azure, meaning you immediately save management opex costs and infrastructure capex.

Microsoft provides the entire infrastructure, security, connectivity and more on the Azure platform.

SCALE ON DEMAND

Once Windows Virtual Desktop is up and running in Azure, you have everything you need to grow, shrink and adapt to your virtual desktop needs without worrying about over or under powered resources.

WINDOWS VIRTUAL DESKTOP PROOF OF VALUE

FIXED PRICE POV £5,995 | **AZURE COSTS FROM £4 PDPM***

VIRTUAL DESKTOP LICENCING

- WVD client licensing included within Microsoft 365 licensing
- Azure costs are based on region, resiliency and host pool sizing.

*Azure costs calculated 01/21:

- Average usage for 100 Users
- 90% Peak / 5% Off-Peak load
- 220 Usage hours/month
- D4s v3 (4 vCPU(s), 16GB RAM, P10 (120 GIB, 500 IOPS) disks)

WHY CISILION?

Cisilion is an award-winning global systems and service enablement partner. In short, we do 4 things:

1. Move our customers to the cloud and hybrid cloud
2. Secure your identities, data, apps and devices
3. Train users so they embrace and adopt the technology
4. Optimise your cloud spend to help you control costs.

Our mission is to inspire intelligent change by delivering next generation IT infrastructure.
