## Transform Services

- Legacy Transformation
- Reinvent Services
- Accelerate Products

Every company is a software company. You have to start thinking and operating like a digital company. It's no longer just about procuring one solution and deploying one. It's not about one simple software solution. It's really you yourself thinking of your own future as a digital company."

Satya Nadella, Microsoft CEO

# *SAP on Azure “a real cost saver” for major South African government body*

Johannesburg-based Gauteng Provincial Legislature (GPL) exists to pass legislation, provide a forum for citizen debate, involve the public in law-making and oversee the activities of the provincial executive. To fulfill the smooth delivery of these important civic duties, it relies on enterprise software from SAP - software that's now easier and cheaper to support after a strategic move to Microsoft cloud swiftly carried out by a trusted Microsoft Partner, Gijima.
