

Data Mart as a Service

The challenge or opportunity

For most, it's not easy to build something simple. Data Mart as a Service does exactly that – it makes your cloud Analytics journey simple, secure and efficient.

SIMPLE

- Fixed price
- Scale anytime, pause anytime
- 4-week subscription

Reduced risk

SCALABLE

- Cloud Analytics Reference Architecture
- Builds on the strength of native Azure Analytics services
- Scale each leg individually – Ops, Dev and Azure resources

Adapt when needed to actual requirements

FAST

- Automation at the core
- Proven agile & iterative methodology
- Out-of-the-box PowerBI-reports

Tangible results every 4 weeks

The solution

For most, it's not easy to build something simple. Data Mart as a Service does exactly that – it makes your cloud Analytics journey simple, secure and efficient.

- Simplicity of a fully hosted SaaS
- Move from on-prem to cloud
- Scale from POC to EDW when need arises
- From Qlik to EDW in months
- From nothing to a full-blown Analytics platform in weeks
- Create a POC to try out new tech or Enfo as a new supplier

The value

We make sure that your Analytics platform is constantly delivering business value.

- Get your data working for you in only 4 weeks!
- An Azure hosted end-to-end Analytics platform
- A subscription based Analytics platform & devOps team
- Business value 3-5 times faster with strict cost control and minimal overhead
