

## Modernization of Web Applications

# Adfolks Has Earned the Modernization of Web Applications to Microsoft Azure Advanced Specialization

**Dubai, UAE – 24 November, 2020** – [Adfolks](#) today announced it has earned the Modernization of Web Applications to Microsoft Azure advanced specialization, a validation of a solution partner's deep knowledge, extensive experience and proven expertise in migrating and modernizing production web application workloads, and managing app services in Azure.

Only partners that meet stringent criteria around customer success and staff skilling, as well as pass a third-party audit of their web workload deployment and management practices, including their ability to implement Azure App Service, are able to earn the Modernization of Web Applications to Microsoft Azure advanced specialization.

As companies look to modernize their applications and take full advantage of the benefits that cloud computing can deliver, they are looking for a partner with advanced skills to migrate, optimize, and manage their existing web workloads to the cloud.

"Adfolks is committed to helping our clients create innovative, data-driven customer experiences that create value and accelerate time to revenue. Earning Modernization of Web Applications in Microsoft Azure advanced specialization from Microsoft adds another layer of expertise to our broad list of services—enabling us to help our customers capitalize on using cloud-based modern technology to drive digital transformation." said [Arun Mohan](#), CEO & Founder of Adfolks.

"Achieving the Modernization of Web Applications in Microsoft Azure advanced specialization further strengthens Adfolks' niche focus and expertise in the App innovation space, and also highlights that Adfolks caters to a bunch of mature cloud customers in the region who take advantage of optimized cloud adoption." – [Jia Ashitta](#), Azure Growth Specialist at Adfolks

Gavriella Schuster, Corporate Vice President, One Commercial Partner (OCP) at Microsoft Corp. added, "The Modernization of Web Applications to Microsoft Azure advanced specialization highlights the partners who can be viewed as most capable when it comes to migrating, modernizing, and managing web applications in Microsoft Azure. Adfolks clearly demonstrated that they have both the skills and the experience to offer clients a path to start enjoying the benefits of being in the cloud."
