Microsoft 365 Services

Microsoft 365 Readiness & Deployment

- iCorps consulting team meets with your organization's leadership to discuss how technology is being leveraged
- We establish your business' goals and any challenges to your digital transformation
- A senior cloud consultant collects data from your business' computing infrastructure
- Our consultant will produce a thorough and detailed assessment for your business

Cindy Lyman, CFO, Associated Industries of Massachusetts

"We have confidence that we've taken a major step toward moving at the pace of today's business by adopting Office 365. Embracing technological innovation will help us continue to look out for our members' interests while giving our staff the tools that we need to make the most of our time and resources."

Ben Goldfarb, Vice President, Nauset Construction

"iCorps, again, did a very sound, strategic analysis of how the rollout would go, and everything went smoothly. It was very well-staffed in terms of manpower be iCorps, and the steps were followed, the transitions were smooth... at the end of the day, the follow up with training and implementation with my staff proved to be a success."
