

MICROSOFT TEAMS COLLAB AND MEETINGS RAPID DEPLOYMENT PROGRAM

Deployment speed with control

USAGE

HEALTH

FUTURE

Office 365

What is the Rapid Deployment Program?

- Helps take customers quickly to a full deployment of Microsoft Teams Collaboration and Meetings
- Includes workshops and overviews of all major topics
- Includes configuration and user enablement*
- Fixed cost, remote engagement
- Can be complete in as little as 3 weeks (subject to customer availability and approvals)
- Modality's unique data-driven approach

* Capped

Data Driven - migrating from SfB to Teams

- Data gathering of current SfB configuration/usage
- Data assessment with
 - Usage breakdown
 - Licence review
 - Complexity scoring
 - Migration 'quadrant'
- Report of usage, identified complexities and suggested rollout sequence*

* Based on size/complexity of customer-defined user groupings and output from other workshops

What's included (1)

- Business meeting and collaboration requirements workshop
- Teams 'Tech Basics' workshop – network and interop
- Paper based network assessment
- Teams Governance & Compliance workshop – features and use cases overview
- Teams Meetings & Audio conference licencing workshop – features and use cases overview

What's included (2)

- Teams configuration and Call Quality Dashboard overview training
- Go live planning support
- User persona definition and write up*
- User enablement support*
- Day 1 go-live remote support
- Use of TWA for 1 month**

* Capped

** Locked down CT templates and standard bots

What is Teamwork Analytics? (included for first month)

- Teamwork Analytics, a suite of proprietary reports and software
- Provides insights into Teams usage and enables good governance and compliance

- Components are:

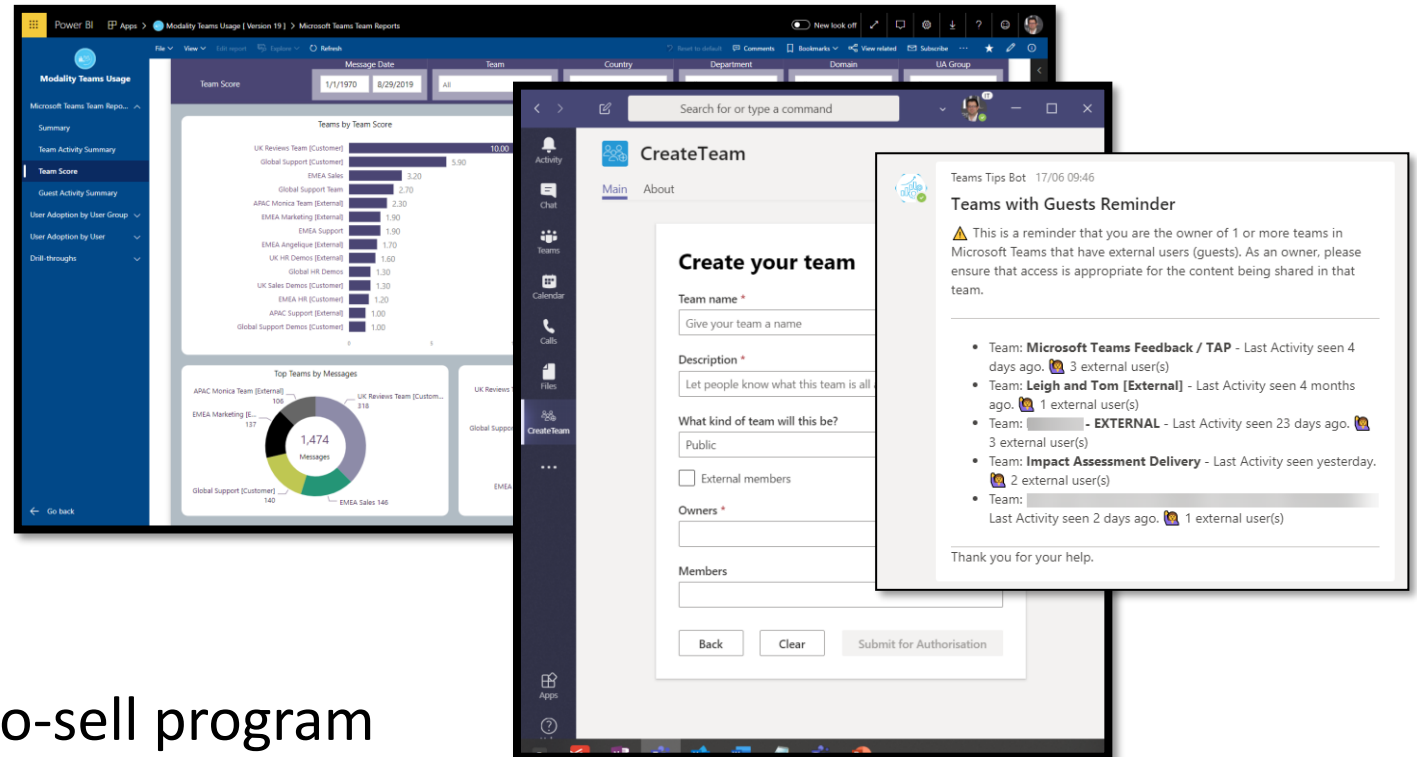

- Lifecycle management software

- CreateTeam
 - Automation (bots)

- Reports

- Usage
 - Collaboration
 - Governance

- TWA qualifies for Microsoft's IP co-sell program

What does it cost?

- £19k fixed price
- Fixed program schedule*, all remote
 - Customer engagement required for effective workshops and training
- One review cycle for migration/persona report

* Some flexibility permitted with timetable but each workshop will be executed only once

Limitations and pre-requisites

- The RDP does not include...
 - Teams phone system/telephony
 - Any licence costs
 - Any on-going services/subscriptions
- Configuration requires remote O365 tenant access with admin privileges (or screen share with customer)
- Reporting requires Teamwork Analytics install (on customer Azure tenant)
- Customer must already have
 - Users configured in AzureAD in their tenant
 - Exchange Online or Hybrid set up
