

The Azure Virtual Desktop Solution Accelerator

Keep remote workers productive with a secure, scalable, fully managed virtualization solution in the Azure cloud

Neudesic offers an **accelerated two-week engagement** to help your organization quickly give remote employees secure, seamless access to files and applications across any device to maximize their uptime and efficiency.*

OUR APPROACH

During the two-week accelerator, we provide:

- Outlined best practices for AVD Implementations
- Identity recommendations/best practices
- Cost analysis for licensing and Azure costs
- User experience guidance - full desktop, remote apps, or both
- Full VDW Technical deployment and expansion
- Configuration of tenant admin, autoscaling, and service alerts

OUTCOMES FOR YOUR ORGANIZATION

At the conclusion of the engagement, you will receive:

- A scalable, flexible Virtual Desktop Environment in your Azure subscription
- Full remote worker access to key cloud and on-prem apps
- The ability to deploy and manage virtual desktops and easily assign users
- Enhanced security with less IT management overhead
- Guidance by an experienced consulting team to ensure a successful transition
