

Never Choose Between Productivity and Compliance with NetDocuments + Microsoft 365

ABOUT NETDOCUMENTS

Turn millions of scattered documents into one source of unified insights with industry-leading, cloud-based document management, email management, and collaboration solutions.

See what customers are saying:

"I've sat on the customer advisory boards and NetDocuments actually listens. They are anything but stagnant and look to practicing lawyers on how to continually improve and dial-in the service."

— Jay Selanders, Chairman, Kutak Rock

WHAT WE OFFER

NetDocuments simplifies storing, managing, and protecting millions of documents that are created and shared by thousands of people.

With solutions that integrate so completely with Microsoft Office 365 that they are nearly invisible, NetDocuments helps you remove the productivity barriers your lawyers and staff are facing while transforming all your documents into an unstoppable engine for collaboration, productivity, growth, and inspired work—without limitations or restrictions.

ORGANIZE and PLAN from NetDocuments include the core capabilities you need to reach new levels of productivity and enhance team collaboration. With these solutions you can replace generic, inflexible, off-the-shelf document products with best-in-class, cloud-based solutions ready to reduce inbox congestion, keep lines of communication open and active, streamline workflows, and make your teams more efficient and productive.

Why Microsoft 365?

Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.
