

# AI PRODUCTION GUARANTEE

## We Love Theory. We Practice Production.

### First AI use case delivered in 10 weeks

With its cloud-agnostic, enterprise-grade platform that delivers hyper-customized, explainable, sustainable, retrainable AI solutions, BeyondMinds is offering a 10-week production guarantee, which includes:

-  Significantly shorter time to production, while exceeding industry-benchmarked results
-  Stable performance with extremely low amounts of labeled data
-  Enterprise-grade system stabilization safeguards that enable operation with noisy and dynamic data
-  Solution management and monitoring to achieve increased value over time
-  Cloud-agnostic architecture delivered on AWS, GCP, or Azure
-  Modern API-based architecture that easily integrates into existing environment
-  Single tenant with dedicated dev, QA, and production environments per customer

The production guarantee is part of BeyondMinds' commitment to accelerating the wide-scale adoption of AI by enabling enterprises to successfully overcome the challenges that have prevented AI from proceeding beyond theoretical proof-of-concept to robust and resilient production deployments.

# 1<sup>st</sup>

#### USE CASE REVIEW & DISCUSSION (SPRINT 0)

Exploratory meeting to review the potential use case, customer requirements, KPIs, current environment, integration, and program eligibility.

# 2<sup>nd</sup>

#### DATA EXPLORATION & SOLUTION REVIEW (SPRINT 1)

Review sources, types, amount, and location of data. Architectural alignment and selection of public cloud provider. Review of solution and design.

# 3<sup>rd</sup>

#### SOLUTION STAGING & CONFIGURATION (SPRINT 2-3)

Customization and configuration of the solution using the BeyondMinds Platform. Rapid deployment within a dedicated single-tenant environment.

# 4<sup>th</sup>

#### QUALITY ASSURANCE TESTING (SPRINT 4)

QA and pre-production testing of solution, validation of KPIs and results.

#### PRODUCTION GO-LIVE (SPRINT 5)

Go-live production closely planned with client. Ongoing monitoring of results to ensure KPIs are achieved.

## 10 WEEK AI PRODUCTION GUARANTEE

**BeyondMinds** has built the first enterprise AI platform that is universally applicable and easily adaptable. We deliver hyper-customized, production-ready AI solutions enabling Enterprises to overcome the massive 87% failure rate in AI adoption while delivering rapid ROI and +70% TCO savings. Founded in 2018, the company has offices in New York, London and Tel Aviv, servicing Global 2000 Enterprises.
