### **About**

Hourglass Insights is an Add-in for Microsoft Outlook. It uses Natural Language Processing Machine Learning to perform two operations on the text body of Outlook emails:

- 1) Determine the Sentiment of the email
- 2) Extracts the top two most important phrases in the email

these are determined, add the results in the add-in, so it is clear for the user to see what the “tone” of the email and is what it is about. For example, after analysis, add-in will show:

SENTIMENT: <POSITIVE/NEUTRAL/NEGATIVE>

KEY PHRASE 1: <some key part of the email>

KEY PHRASE 2: <a second key part of the email>

### **Flow**

1. Install the Add-in through the Marketplace
2. Choose and complete subscription
3. When using Outlook, go to your email
4. Select "More Actions"
5. Select "Hourglass Insights"
6. See the NLP Analysis of the email
