

---

We automate your  
order processing  
with WorkI

# Manual order entry is **inefficient**, **error-prone** and **frustrating**

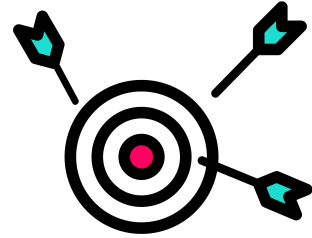

---

You lose  
time and money

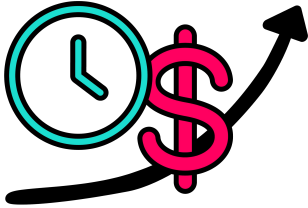

Customers are dissatisfied  
and churn

Your sales team is not  
meeting revenue targets

With WorkI, your sales team can finally focus on the essential:  
**Selling!**

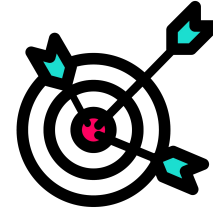

---

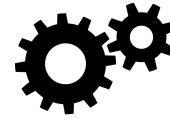

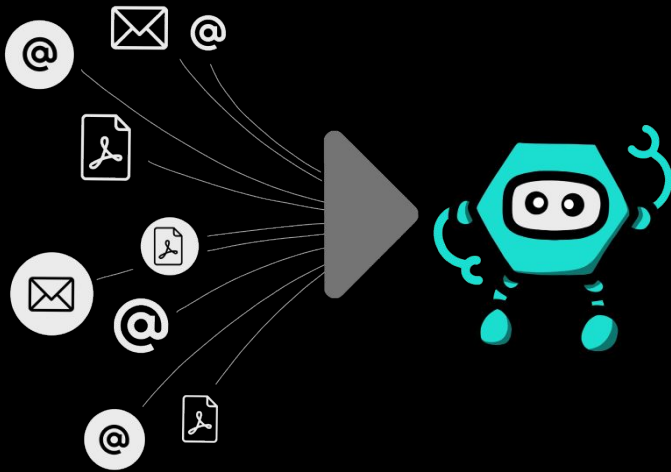

Use costs & time  
for value-adding  
activities

Strengthen customer  
satisfaction & drive new  
acquisitions

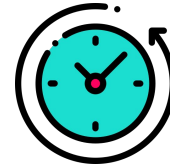

Achieve revenue  
targets & scale  
your business

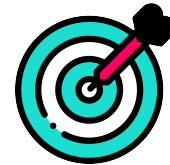

**> 80%**

**Automation-rate**  
after a very short time

**> 90%**

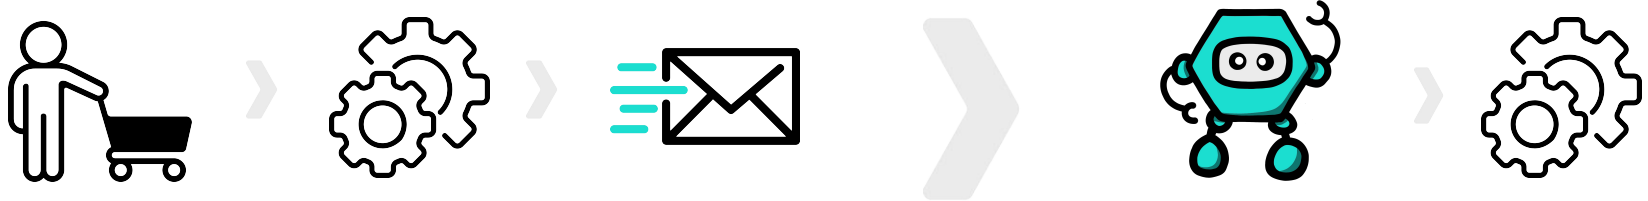

**Time saving**  
in order processing

**100%**

**Accuracy**  
extracting data

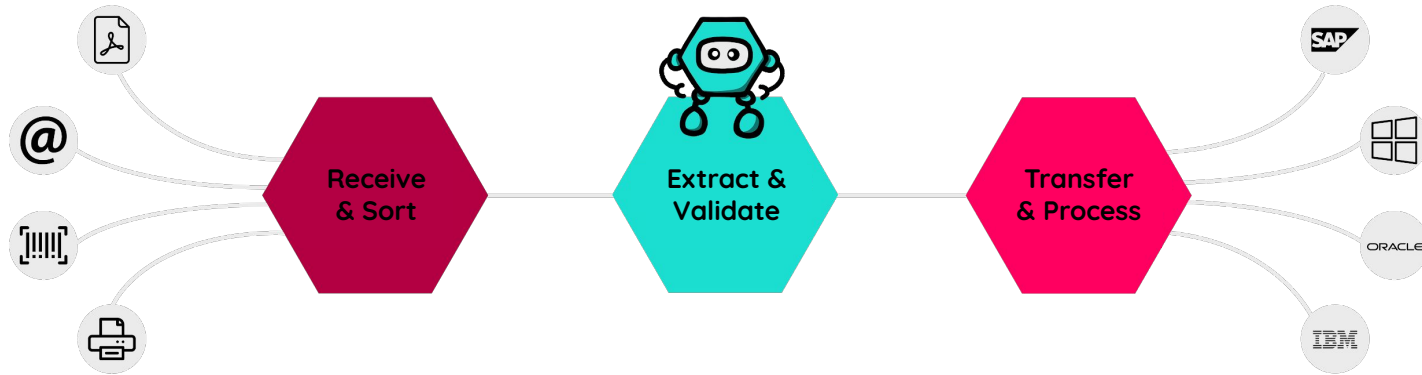

# Automation has never been easier than with WorkI

**No changes**  
in the ordering process on  
the side of your customers

**Lightning-fast implementation**  
and compatibility with  
all common ERP systems

# From the inbox to the ERP system - this is how it works with **WorkI**

Forward incoming order documents to WorkI

WorkI extracts and processes all relevant data

Data is automatically sent to the ERP-system

# This is how WorkI extracts and validates meta- and item-data
