# Communication Square

Microsoft Gold Partner

**GDPR COMPLIANT CLOUD SOLUTIONS**

**1-HOUR BRIEFING**

The General Data Protection Regulation (GDPR) sets new data privacy rules for organizations in the European Union (EU). Additionally, these rules apply to those offering goods and services to people in the EU. Also, it applies to organizations that collect and analyze data tied to people in the EU. And these rules apply no matter where those organizations are located in the world. Communication Square offers you the GDPR solutions you need to become GDPR compliant in no time.

### Topics Covered:

- Learn the basics of the new GDPR regulation
- Understand how it impacts your organization
- Learn the requirements of how to become GDPR compliant
- How to assess your organization's GDPR maturity level
- How to create a GDPR compliant roadmap of next steps
- Collecting and processing Personally Identifiable Information
- What is Microsoft Compliance Manager?

### GDPR Compliant Microsoft Solutions and Services:
